For each item, shade in the bubble under the correct option.

Last weekend, my family and I went on a trip to the desert. We left our home in the morning because we wanted to start our trip while the sky was clear and beautiful. We drove for two hours before we found a good place to camp on the soft sand near some tall sand dunes. The weather was cool and the sky looked bright and blue. My father helped us put up the tent and my mother made breakfast for the family. After breakfast, my brother and I walked on the sand, took photos and watched the camels walking across the desert.

Later in the evening, we played football with new friends and laughing together. When the sun went down, we made a small fire near the tent and cooked our dinner. We ate meat, potatoes and drank hot tea. The smell of the food was amazing. After dinner, we sat looking at the stars, told stories and watched the moon in the sky.

The next morning, we packed our bags, cleaned the place and left the camp. We felt happy when we returned home. It was my first camping trip in the desert and I hope my family will camp there again soon.

For each question, write a *short answer not more than FOUR WORDS or a NUMBER*.

1. Where did the family go for their trip?

2. Which animals were walking across the desert?

3. Who did they play football with?

4. What did they drink when the sun went down?

5. How did the family feel when they returned home?
