3. A) had B) has C) will have
4. A) helped B) was helped C) is helping
5. A) feels B) felt C) feeling

Part 3A: Reading (True / False / Not Given)

Text: *How Technology Changed Learning*

Technology has changed education in many ways. Students now use tablets and laptops instead of only books. Online classes make it easier to study from home. However, some teachers believe students may depend too much on technology and forget traditional learning skills.

Statements:

1. Students only use books today.
2. Online learning is possible now.
3. Teachers all agree with technology.
4. Technology helps students study at home.
5. Some teachers worry about overuse of technology.
6. Traditional skills are still important.

Part 3B: Reading

Text:

In the past, life in many countries was slower and simpler. People used to work in farming and fishing. Today, cities are bigger, and life is faster. Technology, transport, and education have improved a lot. However, some people feel that modern life is more stressful than before.

Questions:

1. Life in the past was:
A) faster B) simpler C) digital

2. People mainly worked in:
A) farming B) banking C) tourism
 3. Today cities are:
A) smaller B) bigger C) empty
 4. What has improved?
A) Technology B) Problems C) Stress only
 5. Modern life is sometimes:
A) easier B) more stressful C) slower
 6. The text compares:
A) food types B) past and present life C) weather
 7. The main idea is:
A) life has not changed
B) life has changed over time
C) farming is gone
-

Part 3C: Reading (Water Theme)

Text: *Saving Water*

Water is a limited natural resource, and many countries are trying to protect it. People are encouraged to use less water in daily life. Simple actions like closing taps and fixing leaks can help a lot. Scientists warn that water shortages may become more serious in the future if people do not change their habits.

Questions:

1. Water is:
A) unlimited B) limited C) useless
2. People should:
A) waste water B) save water C) ignore water
3. What helps save water?
A) fixing leaks B) opening taps C) using more water
4. Scientists are:
A) worried B) happy C) confused
5. Water shortages may:
A) decrease B) increase C) disappear
6. The main message is:
A) save water B) waste water C) stop farming

7. The tone is:
A) informative B) funny C) emotional
