Key Points to Remember:

- **Subject-verb agreement:** In the simple present, the verb changes form (usually by adding -s or -es) when the subject is he, she, or it.
- **Irregular verbs:** These verbs have unique past simple and past participle forms that must be memorized (e.g., go-went-gone, see-saw-seen).
- **Contractions:** In informal contexts, negative forms are often contracted (e.g., don't, doesn't, didn't, isn't, aren't, haven't, hasn't).
- **"To be" as a main verb:** "To be" can also function as a main verb, not just an auxiliary verb (e.g., "I am happy," "She was tired").
- **Progressive tenses and stative verbs:** Stative verbs (verbs that describe states, not actions, such as "know," "believe," "like") are generally not used in progressive tenses.
