The Beach

My name is Khalid. My town is beautiful and has many fun places. My favourite place is the beach. It is wide and has golden sand. It is between the mountain and the forest. I love seeing fish swimming in the sea. The seagulls fly above the water and make beautiful sounds. There are also some boats, but they do not make much noise.

Word Bank:

see	bird	boat	sand	Next to	Mountain	Forest
-----	------	------	------	---------	----------	--------

**Example:** Khalid loves to go to the beach.

1. The beach is wide and has golden                     .
2. The beach is                      the mountain.
3. Khalid enjoys seeing                      swimming in the sea.
4.                      fly above the water.

### The Playground

My name is Layla. My town has many parks. My favorite place is the playground. It is fun and has swings and slides. It is between the school and the library. Kids play there every day. I love swinging high.

Word Bank:

School	swing	trees	slides	playground	Library	Next to
--------	-------	-------	--------	------------	---------	---------

Example: Layla loves to go to the playground.

1. The playground is fun and has \_\_\_\_\_ and slides.
2. The playground is \_\_\_\_\_ the school.
3. Kids \_\_\_\_\_ there every day.
4. Layla loves swinging on the \_\_\_\_\_.

### Text 1

Farmers work in the field every day. They grow vegetables and fruits and take care of animals. Farmers make our food fresh and healthy.

### Text 2

Doctors help sick people in hospitals and clinics. They give medicine and take care of people's health. Their job is very important.

#### 1. All of text 1 is about:

- a. How food grows
- b. People who work on farms
- c. Animals on farms

#### 3. Both texts are about:

- a. Places of work
- b. Important jobs in our life
- c. People who live in the city

#### 2. All of text 2 is about:

- a. How to stay healthy
- b. How doctors help sick people
- c. Different types of medicine

#### 4. You can use both texts to draw a picture of:

- a. A park full of trees
- b. A busy hospital with doctors
- c. A worker work happily .

**Text 1:**

Insects play an important role in nature. Some help pollinate flowers, while others clean the environment by breaking down waste. Without insects, plant and animal life would be in danger, and the environment would be less balanced.

**Text 2:**

Ants are small but hardworking insects. They work together in large groups to gather food and build nests. Ants help maintain the balance of nature by breaking down organic materials and contributing to soil health.

**1. All of text 1 is about:**

- a. The role of insects in nature
- b. Different types of insects
- c. How to protect insects

**2. All of text 2 is about:**

- a. The work ants do
- b. How ants communicate
- c. The life cycle of ants

**3. Both texts are about:**

- a. The importance of insects
- b. The dangers of insects
- c. The environment in the city

**4. You can use both texts to draw a picture of:**

- a. A busy ant colony
- b. A flower garden full of insects
- c. A forest with insects and animals

## Trees

Trees are tall plants that grow in many different places. They have big, green leaves, strong trunks, and many branches. Trees give us shade on hot days and help make the air clean so we can breathe easily. They also provide fruits, nuts, and wood for many uses. Many animals, like birds and squirrels, make their homes in or around trees. Trees also help protect the soil from washing away when it rains, which keeps our earth healthy.

### Multiple Choice Questions

#### 1. Where do trees grow?

- A. In the ocean
- B. In many different places
- C. In the sky
- D. On the moon

#### 2. Which part of a tree is very strong and helps it stand?

- A. The leaf
- B. The trunk
- C. The flower
- D. The fruit

**3. How do trees help people?**

- A. By giving us shade and clean air
- B. By making loud sounds
- C. By blocking the sun all day
- D. By growing in deserts only

**4. Which animals might live in or around trees?**

- A. Fish
- B. Birds and squirrels
- C. Elephants
- D. Snakes only

**5. Which statement is NOT true about trees?**

- A. They help protect the soil from erosion.
- B. They give us shade.
- C. They grow in many places.
- D. They make the air dirty.

## Dragonflies

Dragonflies are colorful insects with long, slender bodies and two pairs of clear wings. They are often seen near water, such as ponds, lakes, or slow-moving rivers. Dragonflies can fly very fast and are able to change direction quickly. They are very useful because they eat small insects like mosquitoes, which helps to keep the number of these bugs low. Also, dragonflies need clean water to live and lay their eggs, so they show us that the environment is healthy. People enjoy watching dragonflies because they are bright and graceful in the air.

### Multiple Choice Questions

#### 1. What type of animal is a dragonfly?

- A. A mammal
- B. An insect
- C. A bird
- D. A fish

#### 2. Where do you usually see dragonflies?

- A. In deserts
- B. Near water, such as ponds or lakes
- C. On mountain tops
- D. In large cities only

### **3. What do dragonflies eat?**

- A. Fruits
- B. Small insects like mosquitoes
- C. Leaves
- D. Seeds

### **4. How do dragonflies fly?**

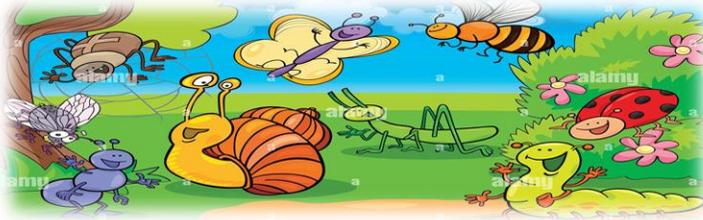

- A. Slowly and only in a straight line
- B. Very fast and able to turn quickly
- C. By flapping their wings very slowly
- D. By hopping on the ground

### **5. Why are dragonflies a sign of a healthy environment?**

- A. Because they live in dirty water
- B. Because they need clean water to survive
- C. Because they do not fly well
- D. Because they only come out at night
