Animal specialist Dr. Noor Al Amudin told Gulf News: 'Animal homes are lost as people use the land to build houses. They drive over land with four-wheel drives and catch animals to sell for money. All these things have endangered some animals in the UAE. The UAE is home to many beautiful animals, such as camels and cormorants. Animals, such as the Hawksbill turtle, Arabian leopard and the Arabian tahr are all examples of endangered animals. The Arabian tahr is endangered because the places it lives have been used for building homes. For a long time, people have caught and killed Arabian Leopards for money. This has left leopard numbers very low. It can be difficult to find an answer, but the country is working to look after and help endangered species. There are rules to stop people building houses on the places where these animals live. With protection, the Arabian leopard may live in peace and have more babies, to let the number of leopards grow again. Putting rubbish in the sea is killing sea animals, such as the Hawksbill turtle, because their home is no longer safe. If you are at the beach, take your rubbish home and help your local wildlife.

There are three ways of transport all over the world, land transport, air transport and sea transport. Cars, trucks, trains, trams, undergrounds, bicycles and buses are called land vehicles.

Most people all over the world use the land vehicles to get to their work. In the UAE, for example, most people use cars to get to their work. Buses come in the second place.

Tram is a kind of bus, but it goes on tracks on roads. The underground is a kind of train, but it goes underground. It is used in Egypt and UK. It is called subway in the USA. Ships, boats, steamers, ferries and hovercrafts are called sea transport. This kind of transport is the cheapest one all over the world because it can carry large quantities of goods. Planes and helicopters are called air vehicles. Air transport is the fastest and the most expensive one. It is also the most comfortable.

**Day 1 I'm sitting in my tent. We're camping tonight on Sir Bani Yas island. I'm feeling scared because there are dangerous scorpions and spiders out there! We set off from Ras Al Khaimah at 7 this morning and set upcamp three hours ago. We've just eaten dinner under the stars and it tasted amazing! Tomorrow we're spending time on the beach, so my mum can do her work.**

**Day 2 It's night-time and I'm writing this while I'm sitting in my tent. This morning, Dad and I went swimming for the third time in the sea. It has beenfantastic every time! We've seen lots of different fish and we've seen two turtles since Tuesday! My mum says some types of turtles are endangered inthis area. She's working on a project for the university where she works to find out why turtles and fish are dying.**

There are many ways to get around Tower City. The cheapest way to get around is by walking. It costs nothing. It is slow but you can enjoy the surroundings of the beautiful city. You can visit tourist attractions that you can't go to by car. There are many pedestrian crossings in the city. You should use them to stay safe because the roads are very busy.

In Tower City, you can hire a bicycle to ride around the park. You can't take the bicycle onto the road. When you ride a bike, always put on your helmet. This will keep you safe if you fall off the bike.

There is a very good metro in Tower City. If you buy a ticket, you can go all around the city. You can also go down the river on the ferry. It is a nice way of travelling because you can stand on the deck and look at the lovely sights of the city. If you go on the ferry, you can see all the tall buildings and a beautiful mosque.
