3 (A) regrows	**(B)** regrew	**(C)** regrowing
4 (A) was looking	**(B)** were looking	**(C)** are looking
5 (A) who	**(B)** which	**(C)** where

Part 3A: Reading — 24 marks (3 each)

Read the test and choose the correct answer. Choose A, B or C

Kayaking in Hatta

Hatta is a small town in the Hajar Mountains. It is about two hours from Dubai by car. There is a big lake there with beautiful green water. Every weekend, many families visit Hatta to go kayaking on the lake.

A kayak is a small, light boat for one or two people. You sit inside it and move through the water with a paddle. Before you start, you must wear a life jacket. It keeps you safe if you fall into the water.

Last winter, Hamad and his father went kayaking on the lake. The weather was cool and sunny. They paddled for one hour and saw tall, rocky mountains all around them. Suddenly, the wind became strong. Hamad felt frightened, but his father stayed calm. They made a good decision and paddled slowly back to the shore.

1. Where is Hatta?

- **(A)** near the beach
- **(B)** in the desert
- **(C)** in the Hajar Mountains

2. How far is Hatta from Dubai?

- **(A)** about two hours by car
- **(B)** about one hour by car
- **(C)** about five hours by car

Part 3B: Reading — 16 marks (2 each)

Read the test and choose the correct answer. Choose A, B or C

The Weather Watch Team

When dangerous weather is coming, the Weather Watch Team helps people prepare and stay safe.

The team works in a special weather centre. They watch weather maps and send warnings to schools, families, and communities. If there is strong wind or heavy rain, the team sends messages to people's phones and computers. If you get a warning message on your phone, you should follow the instructions carefully.

Last year, the team helped during a big sandstorm. The sky became dark and sand filled the air. Drivers could not see the roads clearly. The Weather Watch Team sent a warning before the storm arrived. Schools stayed open safely, but students remained inside the buildings.

The team also helps during floods. If roads flood, emergency workers quickly move people to safe shelters. Volunteers give families food, water, and blankets.

The Weather Watch Team also teaches people how to prepare for difficult weather. If families prepare early, they stay safer. They learn what to keep in an emergency bag, such as water bottles, flashlights, and medicine.

Today, weather technology helps the team work faster than ever before. Computers, satellites, and weather apps help communities stay safe during dangerous weather.

1. Where does the Weather Watch Team work?

(A) in a school **(B)** in a weather centre **(C)** in a hospital

2. What happens before strong weather arrives?

(A) people leave the city **(B)** the team sends warnings **(C)** schools close for a month

3. Why was the sandstorm dangerous?

(A) people became too hot

(B) roads disappeared under water

(C) drivers could not see clearly

4. What do volunteers give families?

(A) food and water **(B)** computers **(C)** maps

5. What do families learn from the Weather Watch Team?

(A) how to drive safely

(B) how to prepare for difficult weather

(C) how to build weather apps

6. What helps the team work faster today?

(A) satellites and weather apps **(B)** bicycles **(C)** loudspeakers

7. In the article, what does 'warning' mean?

(A) to get ready **(B)** a safe place **(C)** information about danger

8. In the article, what does 'shelter' mean?

(A) a safe place **(B)** too much water covering land **(C)** information about danger
