Part 3: Inference Question

Text

Last Summer

I have learned languages at school, but I have never used them. One day, I hope I can. My family are a traditional family. They like what they already know. They only take vacations to the local lake or visit nearby countries that speak our language. They like visiting bookshops, gift shops and clothes shops, where my mother buys luxury goods like dresses. However, my last vacation was really different.

My friend asked me to help him to sail his boat across the sea to Africa. The wind was strong enough that we didn't need the engine. The sky was clearing quite quickly and the water felt warm and clean. Where I come from, the sky is grey and brown circles appear on the ground when it rains. My home has a lot of pollution. Suddenly, the wind died. The boat stopped.

My friend said, "Let's use the boat's engine." As he was trying to start the engine, he handed me a book about it. He asked, "Have you ever studied French? Can you translate this?" French was one of my school subjects and I was excited to use it, but this book was too difficult. So, my friend couldn't fix the engine.

We couldn't move. We didn't have enough drinking water and we had no food left. We were quite quickly getting hungry and thirsty. My friend used a square of the sail to catch fish. I asked, "Have you ever cooked fish?" He said he had. I remembered the water and how to get water from the air. I took some plastic and very slowly began collecting drops of water.

That night, my friend saw a light. It was getting closer really fast. A voice shouted, "I'm here to help you!"

"Did you understand anything he said?" asked my friend. I understood everything. I was speaking English, my second language! I have never been happier than when I hear a man speak.
