Part3 B:Reading (Staying Healthy | Eat colours every day, Food groups, School Lunches)

Read the text. Choose the correct answer. Choose A, B or C.

Staying Healthy: Eat Colours Every Day!

Eating different colours of food helps children stay healthy and strong. Red foods like tomatoes and strawberries are good for the heart. Orange and yellow foods, such as carrots and bananas, help our eyes and skin. Green vegetables like broccoli and cucumbers give us vitamins to fight sickness. White foods, including milk and yogurt, make bones and teeth strong.

Children also need foods from different food groups every day. Healthy school lunches can include a sandwich, fruit, vegetables, and water. Eating too many chips, sweets, or sugary drinks is not healthy because they give energy for only a short time. Drinking enough water and eating balanced meals help students stay active and focused in class. Colourful meals are not only healthy, but they are fun to eat too!

1. Why are red foods good for us?

- A. They help the heart.
- B. They make bones strong.
- C. They help us sleep.

2. Which food helps our eyes and skin?

- A. Yogurt
- B. Carrots
- C. Cucumbers

3. What do white foods help to build?

- A. Muscles
- B. Hair
- C. Bones and teeth

4. Which of these is a healthy school lunch?

- A. Chips and soda
- B. A sandwich, fruit, vegetables, and water
- C. Sweets and juice

5. Which of these is NOT healthy to eat too much of?

- A. Broccoli
- B. Yogurt
- C. Sugary drinks

6. Why do balanced meals help students at school?

- A. They help students stay active and focused.
- B. They make students taller overnight.
- C. They stop students from studying.

7. Why do you think colourful meals are fun to eat?

- A. They cost less money.
- B. They have many bright colours and different foods.
- C. They take less time to prepare.

Eating the Rainbow at School

At Greenfield Primary School, students learn that healthy food comes in many colours. Their teacher explains that each colour gives the body different benefits. Red foods like apples and tomatoes help keep the heart healthy. Orange foods such as oranges and sweet potatoes support good eyesight. Green foods like spinach and peas give strength and energy. Blue and purple foods, such as blueberries, help the brain stay sharp.

Every day, students bring school lunches from home. Some bring balanced meals with fruit, vegetables, rice, and water. Others sometimes bring only snacks like crisps and chocolate. The teacher reminds them that snacks are okay sometimes, but not for every meal. Drinking water is also important to stay focused during lessons. By the end of the week, many students start adding more colourful foods to their lunchboxes.

1. What do red foods help keep healthy?

- A. The heart
- B. The teeth

School Food Trip Update

Dear parents,

Next week, Year 6 will visit Fresh Market as part of our food and drink unit. Students must bring a small bag and a notebook. They will work in groups to compare food prices and record healthy options. We will also stop at the school cafeteria to test new menu items before the trip. Lunch will include wraps, salad boxes, and fruit drinks. Please remind your child not to bring extra money, as the school will provide a fixed budget. After the visit, students will create a poster about healthy eating and share their findings in class. We hope this activity will help them make better food choices at home.

1. What is the main purpose of the trip?

- A. To sell food at the market
- B. To learn about food and healthy choices
- C. To watch a cooking competition

2. Where will the students visit next week?
