Read the passage and answer the questions.

It's important that we eat healthy food and exercise every day. We can help our bodies feel good by eating fruit and vegetables every day. A balanced diet is one that has all food groups. Your diet is made up of the food you eat and the things you drink. This means eating foods of every colour, every day.

Move more! We can help our bodies and minds stay calm by exercising every day. You can walk, swim, ride your bike, or even climb the stairs. Children should exercise at least 60 minutes every day.

Part A: Choose the correct word.

- 1- You should eat every day.
a. fruit b. chips c. chocolate
- 2- The diet that has all food groups is
b. unhealthy b. healthy c. bad
- 3- You should every day.
b. fight b. walk c. shout

Read the email from Latifa to Huda about different types of food. Then answer the questions

Hi Huda,

I'm emailing you to tell you about different types of food. Everyone knows that we should not have too many sweets, but what should we eat?

Vegetables are a healthy choice. You should always eat plenty of them every day. A few of my favourites are peppers, carrots and broccoli. Peppers are red, yellow, or green. I like carrots the most. Carrots are usually orange and are a very healthy snack.

Fruit is another healthy food that tastes delicious and sweet. There are many kinds of fruit like apples, bananas, tomatoes and oranges. I like bananas and oranges, but apples are my favourite.

We should also eat some dairy, which includes food like cheese, butter and yoghurt. Eating too much dairy can be unhealthy though, so be careful not to eat too much.

Some people eat cakes, ice cream and sweets every day. I think it is okay to eat cakes, ice cream and sweets as a treat sometimes. There is too much sugar in these types of food for me, so I never eat them.

Your friend,

Latifa

Answer in full sentences.

Fruits and Vegetables

It is important that fruits and vegetables take up a large part of our diet. They both provide us with vitamins, minerals and fibre; all things our bodies need to stay healthy. Different fruits and vegetables help our bodies in different ways. Eating a variety of different colour fruits and vegetables is a good way to make sure we are getting the benefits that these two food groups offer. By the age of 9, children should eat 5 servings of vegetables and 2 pieces of fruit every day.
