## My Favorite Person: Sheikh Mohammed

### القدوة (model)

My favorite person is Sheikh Mohammed bin Rashid Al Maktoum! He is the leader of Dubai, and I think he is so amazing. He has helped build our city into a place with tall, shiny buildings and beautiful places to visit, like the big fountains.

I **admire** him because he always encourages us to learn and be the best we can be. He wants everyone to have a good future. He is also a great horseman and loves poetry, which is very cool! He **inspires** me to dream big and work hard, just like he does for our country. He makes me **proud** to live here.

## القدوة (model) **My Favorite Person**

My favorite person is my Mom! She is the best. Mom always has a warm hug for me, and she makes me feel safe and loved. She has a kind smile that makes my day brighter.

Mom is super fun. She plays games with me, reads me stories, and helps me with my homework. She teaches me new things every day, like how to tie my shoes or bake cookies. She is very patient and always cheers me on.

When I am sad, Mom knows just what to say to make me feel better. She is always there for me, no matter what. I love spending time with her, whether we are going for a walk or just talking. My Mom is special because she is loving, fun, and always cares for me.

## Science

Is science important? why?

How is science helpful in your daily life ??

Science is super important because it helps us understand the world around us. It tells us why the sky is blue and how plants grow. Science teaches us to ask questions and find answers, making us like clever detectives!

Science helps us daily. Doctors use it to make us healthy, and it's how we get electricity for our homes.

Learning science is also fun! We can do cool experiments and invent new things. It makes our lives easier and more amazing, helping us learn so much about everything.

My favorite animal

## My Favorite Animal

My favorite animal is the dog! Dogs are amazing creatures and wonderful pets. They are loyal and friendly, always happy to see you.

Dogs are very playful. They love to run, jump, and fetch, making playtime in the park so much fun. Their silly actions always make me laugh.

Dogs are also smart and can learn many tricks. Some even help people as guide dogs or **rescue** dogs, showing how brave and helpful they can be.

you need to feed, water, and walk them. they give us so much love and. Dogs are truly man's best friend, making me happy with their playful, smart, and loving nature.

## Why Must we Protect Animals?

Animals are a special part of our world, and it's very important to protect them. Imagine a world without birds singing or squirrels playing in the trees! Animals help make our planet beautiful and healthy in many ways.

**Some animals help plants grow** by spreading seeds. Others help keep the environment clean. Every animal has a special job to do. When we protect animals, we are also protecting the places where they live, like forests, oceans, and deserts.

Sometimes, animals get hurt or lose their homes because of things people do. It's our job to be kind to them and make sure they have safe places to live and enough food to eat. We can do this by not littering, saving water, and learning about different animals.

Protecting animals means we are taking care of our planet for everyone, including ourselves. When animals are happy and healthy, our world is a better place for all living things.
