My Summer Vacation

Summer vacation is one of my favorite times of the year. After a long year of studying, I enjoy having free time to relax and have fun with my family and friends. Last summer, my family and I went to a beautiful resort near the beach. We stayed there for a few days and enjoyed many activities. In the morning, we went swimming and walked along the beach. In the afternoon, my brother and I liked to play football with other children. It was exciting, and we made some new friends.

One day, my family decided to go hiking in the mountains. The weather was sunny, and the views were amazing. We walked for several hours and took many photos. We were tired at the end of the day, but we were very happy. In the evenings, we usually stayed together and relaxed. We enjoyed playing board games after dinner. Sometimes I won, and sometimes my brother won, but we always had fun.

My summer vacation was full of enjoyable activities and special moments. I hope to visit the resort again next summer and spend more time with my family.
