Read the following text then answer the questions below :

- Last weekend, I watched a movie called *The Secret Mission*. It was about a young detective who tried to solve a mystery in his small town. The plot was exciting and full of surprises. The main character, Tom, was funny but also very brave. My favorite part was the ending—it was amazing! The special effects were really good, especially during the car chase scenes. The music made everything more dramatic and interesting.

However, some scenes were a bit boring because they were too long. Overall, I think *The Secret Mission* is one of the best films I've seen this year. It's perfect for people who like action and mystery. If you enjoy exciting stories with clever twists, you'll definitely love this movie!

Every morning, Lisa wakes up early to go for a walk with her dog. She believes that staying active keeps her healthy and happy. After walking for thirty minutes, she does some simple exercises like running on the spot and stretching her arms and legs. Her favorite part of the routine is when she climbs the stairs near her house— it helps her strengthen her thighs and knees.

Lisa's friends often take the lift instead of walking, but she prefers the stairs. She says, "We should all move more during the day!" Lisa also reminds her friends that they shouldn't skip warm-ups before playing sports. Warm-ups help prevent injuries to the ankle or shoulder.

After exercising, Lisa eats a healthy breakfast with fruits and drinks plenty of water. She feels more energetic and ready for school. Lisa believes that small habits, like choosing to walk or stretch, make a big difference in keeping your heart and body strong.

My favourite cinema to visit in the UAE is VOX Cinemas at Mall of the Emirates in Dubai. It's one of the biggest and most comfortable cinemas I've ever been to. The seats are soft and adjustable, the sound system is powerful, and the screen is huge—it makes you feel like you're part of the movie! What I like most is the IMAX hall and the snack bar, which offers delicious popcorn and even gourmet food for movie lovers like me.

I usually watch action, science fiction, and comedy movies there. I enjoy watching Marvel and DC films on the IMAX screen because the visuals and effects look stunning in high definition.

This cinema is my favourite place to watch movies because it gives me the perfect mix of comfort, technology, and excitement. It's more than just a cinema—it's a full experience that makes every visit memorable.
