A School Trip.

Last year, we went on a school trip to the big Science Museum. I was very excited because I loved rockets and space.

We left school early in the morning. When we arrived, the museum was huge! First, we saw a giant dinosaur skeleton. It was so tall! Then, we walked into a dark room and watched a movie about the stars and planets. I learned that the sun is a star and Jupiter is very big.

My friend, Sara, and I bought a small moon rock from the gift shop. I kept it safe in my pocket. We had a simple lunch of sandwiches and juice. I felt happy and tired when we got back on the bus. It was the best school day.
