Families

Family is very important. In the UAE people have big families. If you live in a big house there is room for everybody. Most children in the UAE have lots of brothers and sisters, and even more cousins, nephews and nieces.

It is nice to have brothers or sisters to do things with. They can play sports with you. You might go shopping together. Also, they can help you if you are worried about something.

However, in some countries people do not have big families. In England, for example, there is usually no more than five people in one family. They live in small houses.

In Japan and China, people have small families. These children sometimes only have one brother or sister.

Sometimes you might not want to be with family members because you want to be with your friends more. You might watch a movie or go swimming with them.

1. Big houses are good because they have _____.
 A enough room for everyone
 B too much room for everyone
 C little room for everyone
2. Brothers and sisters can't _____.
 A make you play a sport
 B do sports and hobbies with you
 C help you stop problems that you have
3. In England, usually no more than _____ people live in one house.
 A 7
 B 5
 C 3
4. Parents in _____ have small families.
 A Japan but not China
 B Japan and also China
 C China but not Japan
5. Sometimes people like to _____ more than be with their family.
 A go to a swimming pool
 B watch a movie
 C be with friends

Paralympic Games

We all know that it is important to be active and eat healthy food. Sport is an excellent way to stay healthy.

Many people with a disability, like not being able to walk, also like sports. If they are very good, they can take part in the Summer Paralympics. The UAE has many medals from these games; four gold, ten silver and five bronze.

For a long time, only men from the UAE could be in the Paralympics, but now women are taking part too.

Although it is terrifying being in the games because there are so many people watching, it is also very satisfying. The athletes are confident and brave. If they win a medal, they should be very proud.

Like the Olympic games, the Paralympics always takes place in a different country every four years. The next games are in 2020. They will be in Japan.

6. People can take part in the Summer Paralympics if they

A are unhealthy

B have a disability

C are not very good at sports

7. The UAE has _____ medals all together.

A 4

B 10

C 19

8. In the past _____ could take part in the games.

A only men

B only women

C both men and women

9. Taking part might be scary because _____.

A many people are looking at you

B you are not winning a gold medal

C you are feeling brave

10. The Paralympics always _____ every four years.

A takes place in Japan

B stays in the same country

C moves to a new country

Movies

I like watching movies. The best place to see new movies is the cinema, but I usually watch films at home or at my friend's house.

I like animation, but my favourite type of movie is science fiction. The stories are always interesting and exciting. Most of all, they have amazing special effects.

I also really like the costumes. They are unusual. I would like to wear clothes like that, but I think some of them would be uncomfortable to wear. They do look interesting though.

I'm happy that the producers spend a lot of money making these films. These are the movies that I like to watch again and again.

I don't like horror films because they scare me. The terrifying music scares me most of all. When I hear the music, I know something bad is going to happen.

I never enjoy films that are not positive and inspiring. Movies should make you feel good.

11. Ali likes _____ films most.

- A animation
- B science fiction**
- C horror

12. He thinks the costumes are _____.

- A exciting and interesting
- B unusual and comfortable
- C unusual and interesting**

13. Ali is happy that the producers _____.

- A spend a lot of time making the films
- B spend a lot of money making the films**
- C spend time watching the movies again and again

14. Ali thinks the most frightening part of a horror movie is _____.

- A the music**
- B the settings
- C the characters

15. Ali prefers films with a _____ plot.

- A positive**
- B scary
- C bad

Part 1

Read the texts about 3 different movies and answer the questions.
Match the numbers (1-6) to the letters (A-C). You can use each letter more than once.

There is one example.

A — 365 Days

365 Days is an exciting film for all ages. It's about a family travelling around the world on a boat for a whole year. The parents and their two children see sharks and find buried treasure on a desert island. There aren't any special effects in this film because it's a true story. Some of the things the actors say during the film made me laugh so much.

B — Jake's T-Rex

Jake's T-Rex is a science-fiction film about a boy who loves his toy dinosaur. One night, Jake dreams his dinosaur is alive! At first, Jake doesn't like the T-Rex because it does dangerous things. By the end of the film, they're best friends and it's heart-breaking when they have to say goodbye before Jake wakes up. The film has excellent special effects, but it's quite silly. I don't think adults would like it much.

C — Help!

Help! is a great film about a man called George who wakes up on an island, and can't remember how he got there. For some time, George doesn't think anyone lives on the island until he sees a scary man following him. The film is about how George finally escapes from the unusual island. This film is not for young children!

Becoming Healthier

My name's Ali and I live in Dubai. Recently, I've made some changes to have a healthier and more active lifestyle.

One day I'd love to cycle or run to school, but maybe when I'm fitter. For now, my dad drives me there and picks me up. After school, I walk for at least an hour. I enjoy walking on the beach, at the park or around the garden. My favourite walks are always by the sea. In the evening, my brother and I are allowed to play computer games. My brother always plays, but my father is surprised that I never play them – not even with my brother.

I always eat healthy food at school and at home I eat well too. Before, when I went to restaurants with my family, I ate unhealthy food like pizzas, burgers and ice-cream, but not any more. Now I try to eat lots of vegetables, but not too much fruit because there's a lot of sugar in it.

Sleep is also important. Before, I went to bed too late and only slept five hours a night. Now, I try to go to bed early enough so I don't feel tired when I wake up at 6am. Each night, I'm getting eight hours of sleep and I feel great because I have more energy.

7. Where does Ali prefer walking?

- A in the garden
- B near water**
- C in the park

8. Who doesn't enjoy playing computer games?

- A Ali**
- B Ali's brother
- C Ali's father

9. Where did Ali eat unhealthy food?

- A in restaurants**
- B at home
- C at school

10. Which food does Ali eat most often now?

- A sugar
- B vegetables**
- C fruit

11. How many hours of sleep does Ali have each night?

- A five
- B six
- C eight**
