**Bonus – Justification Question**

**Text**

"I'm running in a school competition next week," said Saif to his friend Zayed. "The race is to choose people for the running team. I want to be a great runner like my brother. I also love playing football and basketball. They help me improve my running. I enjoy talking with my friends as we run. My brother is very fast, so he is always first. My brother makes running look easy, but it's harder than it looks," said Saif. He put on his shoes and said to himself, *A lot of people don't make it into the running team but if I do my best, they will choose me.*
