Expressing Opinion (Approx. 40 words)

I agree that studying abroad is the best way to learn English. I think you are forced to practice every day, which makes learning much quicker. Also, you get to experience a completely new culture, and I am excited to meet new people from all over the world.

Task 4.2

Alana is feeling very nervous but happy to start her study abroad journey. She knows leaving home is going to be difficult, but she is determined to succeed.

Before she leaves, she is going to call the university to check her accommodation details. She is planning to pack a lot of warm clothes because the weather will be cold. She is also going to download language apps to practice. Alana thinks the opportunity is great to expand her horizons and become more independent. She is confident that this will be the best year of her education. She will try to make friends immediately so she isn't lonely
