The first exam – Term 1

Comprehension Reading Passage

My name is Omar, and I'm a student who lives in Dubai. I go to school in the morning and my favorite subject is maths because it's hard but interesting. I also like to read carefully to make sure I understand everything. After school, I always do my homework. I love to play football and I'm in the school club. We play every Saturday.

Sometimes, I talk with my friends in class to get their ideas. I think talking in class is great because it helps me learn how to pronounce words. However, sometimes my classmates can be a little noisy, which makes it difficult to study. I also have a pen pal named Ali from Wales. He told me that he lives in Cardiff and he likes his computer class. He said he speaks and writes English very well now. I think it's very cool to learn about new places like Wales.

On Fridays, my family and I go to the mall. I like to look at electronics and sometimes I buy a new computer game. At home, I like to relax and listen to music. I think having a good balance between school, hobbies, and family time is important for everyone.
