The Great Wall of China

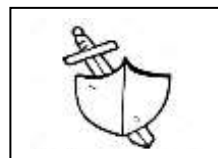

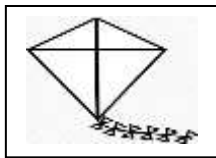

2.700 years ago , there was an idea of making a wall in China to protect the country . Millions of strong people were working every morning and night to finish it .Now , it is the longest wall you can see in your life . The wall is made of big stones and people worked for 2.500 years to finish it . There are so many steps to climb to get to the top .You can walk for 4 - 5 hours to get to the top of the wall or you can use the (ski lift) to get there faster . Spring time is the best to visit the wall because the weather is clear and nice . In your way down , there is a long slide that you can use . It's really fun . Make sure to take your camera ! The views are amazing .
