PART 2 READING COMPREHENSION

Objective: Reading for specific information. Read the passage about Mountain Climbing carefully. Then do the two parts below:

Mountain Climbing

Have you ever wondered what it feels like to stand on top of a high mountain? Mountain climbing is an exciting and challenging sport. Climbers travel up steep mountains using ropes and special equipment. Mountain climbers need to be strong and brave. The weather on mountains can change quickly. It can become very cold and windy. Sometimes, climbers have to camp on the mountain before reaching the top. Sir Edmund Hillary and Tenzin Norgay were the first climbers to reach the top of Mount Everest in 1953. They trained very hard before their journey. Climbing a mountain takes teamwork, patience, and careful planning. Mountain climbing is exciting, but it can also be dangerous. Climbers must follow safety rules. Tips for mountain climbing: • Wear warm clothes to protect yourself from the cold. • Use strong ropes and safety equipment. • Never climb alone. • Check the weather before you start climbing.

A. Read the sentences and write True (T) or False (F).

1. Mountain climbing is an easy sport.
2. The weather on mountains always stays the same.
3. Climbers sometimes sleep on the mountain.
4. You should climb alone to be brave.

B. Answer the questions in full sentences.(1 mark each)

1-What sport is the text about?

2.Why do climbers need warm clothes?

3.Who were the first people to reach Mount Everest?

Amanda's Day

Amanda loved extreme sports more than anything else. She always thought of going rock climbing, snowboarding, but her favorite sport was bungee jumping. One weekend, she travelled across the United Kingdom to practice. She arrived early in the morning when the sky was still grey. Her jump was planned from the famous Clifton Suspension Bridge, not far from tall mountains. The bridge stood tall above the deep river below. Amanda felt a little nervous, but she was also excited. She put on her safety harness with help from the instructors. They checked the rope and made sure everything was safe. Amanda walked slowly to the edge of the platform. She looked down and saw how far the ground was. Her heart beat fast in her chest. She took a deep breath to calm herself. Then she counted, "Three, two, one!" Amanda jumped forward into the open air. The wind rushed past her as she fell quickly. The rope stretched and bounced her back up again. She laughed with joy as she swung gently. After a short rest, she decided to jump again and again. By the end of the day, Amanda felt proud and brave.

2. What equipment did she use?

Part 3. Model Articles

The paragraphs below are only models, there is no single paragraph that students have to follow.

Snowboarding – ride the snow!

Snowboarding is an extreme sport. It started in the 1960s when people wanted a new winter sport.

People snowboard on snowy mountains at ski resorts. They stand on one board and go down the mountain very fast.

If you want to go snowboarding, you'll need a snowboard, special boots, and warm clothes. You should also wear a helmet and gloves to stay safe in the cold.

Many people like snowboarding because it is fast and exciting. It is also a fun way to exercise and enjoy the snow with friends.

What do you think? Would you like to try snowboarding?

Do you think you would find it scary, or fun and exciting?

Skydiving is an exciting and dangerous extreme sport. People jump from airplanes from very high places and use parachutes to land safely.

This sport started more than 100 years ago in the early 1900s in France.

Skydivers wear a special jumpsuit, goggles, a helmet, and safety equipment. Many people love skydiving because it makes them feel brave and free.

Would you like to try skydiving one day?

Part 3. Model Articles

The paragraphs below are only models, there is no single paragraph that students have to follow.

Motocross

Motocross is an exciting extreme sport. It began in the UK in the early 1900s.

In motocross, riders race strong dirt bikes around outdoor tracks made of mud and dirt. They go very fast and often fly through the air. Riders need a lot of skill to control the bike. They also need a strong dirt bike, a helmet, gloves, boots, and a special protective suit.

Overall, if you want to take up motocross, make sure safety comes first.

Rock Climbing

Rock climbing is an exciting extreme sport. It started in the Alps in the early 1800s.

In rock climbing, climbers use their hands and feet to move up steep rocks. They move from one rock to another, sometimes very high above the ground. Climbers need a lot of strength and focus while moving. They also need climbing shoes, a harness, a rope, and a helmet for protection.

All in all, rock climbing is exciting, but a bit dangerous, so you should think well of being safe.
