# Reading

**1-Read the following text carefully.**

Susanna Brightman is a young Australian basketball player. She is 195 cm tall, and very fast and strong. Some people say she may become the best player in the world. As well as playing for her own country, she plays for a team called Boston Hawks in America.

Susanna's parents were both basketball players. When she was just 2 weeks old .she was already travelling around the country with them while they played basketball. When she was still very young, Susanna told her parents she wanted to play for her country. At the age of 16, she played for the Australian team for the first time.

But things have not always been easy. When Susanna was 12, she toured Australia for the first time. One day the team she was playing for lost an important match because Susanna didn't want to play. Susanna's parents were very angry with her but told her that she didn't have to play basketball if she didn't want to. Susanna needed to think hard about her future. Luckily, Susanna decided to be a basketball player after all, and since then she worked very hard to become a better player.

**Now answer the following questions.**

**1. Where does Susanna Brightman come from?**

**2. What did her parents do?**

**3. When did Susanna start playing for her country?**

**4. Why did Susanna's parents get angry with her?**

**5. What did Susanna decide to do with her life at the end?**

**2-Read the following passage, then answer the questions below.**

### **Intelligence pills**

Some scientists have predicted that healthy adults and children may one day take drugs to improve their intelligence and intellectual performance. A research group has suggested that such drugs might become as common as coffee or tea within the next couple of decades.

To counter this, students taking exams might have to take drugs tests like athletes. There are already drugs that are known to improve mental performance, like Ritalin, which is given to children with problems concentrating. A drug given to people with trouble sleeping also helps people remember numbers.

These drugs raise serious legal and moral questions, but people already take vitamins to help them remember things better, so it will not be a simple problem to solve. It will probably be very difficult to decide at what point a food supplement becomes an unfair drug in an examination.

**Read the sentences below and then write T for true sentences, or F for false ones.**

- 1 - Only children will take pills to improve their intellectual performance. \_\_\_\_\_
- 2 – In future intelligence pills might be as common as coffee or tea. \_\_\_\_\_
- 3 – Athletes are taking drugs tests. \_\_\_\_\_
- 4- A sleeping pill helps people remember numbers. \_\_\_\_\_
- 5 – People take vitamins to help them in sleeping . \_\_\_\_\_

**3-Read the following passage, then choose the correct answer.**

## **Will's blog**

One day my dad said, 'Why don't we have a street party?' This means that the street is closed so cars can't use it, and people put tables and chairs out in the street, then have a party! Dad said there was one in 1977 and he still remembers it well. Everyone loved it! I couldn't believe that since 1977 they never had another one. If it was so good, why not do it again?

We started to organise it, together with some other people. I helped to make the web page, so everyone on the street knew about the party and could post their old photos from the party in 1977. There were some pictures of my dad when he was a kid, together with his friends, who have moved away from the street now. It was interesting to see that the buildings on the street haven't changed at all!

My mum was a bit worried about the party. 'But a lot of people on the street don't really know each other', she said. 'What if they don't have anything to talk about?' I just said, 'Relax, Mum. It'll be great.'

So, what was the party like? It was fantastic! My friends and I really liked speaking to an old lady called Louisa. She's 89 and was telling us about when she and her friends were our age. So now I always chat to her when I see her on the street. I didn't know who she was before, so I'm glad we had the party.

1- Why was Will surprised?

- A His father wanted to have a street party.
- B There hasn't been a street party for a long time.
- C Many people remembered the last street party.

2-What did the photos from 1977 show?

- A The street still looks the same now.
- B There are more children living in the street now.
- C The same people still live on the street now.

3-Why was Will's mother worried?

- A She thought that the party was too expensive.
- B She thought that people might not come to the party.
- C She thought that the guests might not talk to each other.

4-Will and his friends enjoyed

- A hearing Louisa's stories.
- B meeting Louisa's friends.
- C telling Louisa about their lives.

5-What is the best title for the article?

- A Why I love street parties
- B The street party we had
- C How to have a street party

#### **4-Cookery books for young people**

This week, we look at three books about cooking for young people.

##### ***My First Cookbook by Lenard Minnow***

Lenard Minnow's last cookery book was a huge success across the world. And now, he has written a cookery book just for children. It has lots of lovely reading activities, so that children can get to know the names of more unusual foods. It explains in an easy-to-read way how to cook and makes it clear that cooking can be a hobby that young and old can really enjoy.

##### ***Cooking for Students by Cormac O'Dally***

The idea for this book came when Cormac O'Dally's two sons went away to university. They never cooked and had no idea what to do in the kitchen, so Cormac wrote this book to help them. The photo on the cover of the book shows Cormac and his sons laughing and enjoying the food together. Students who use this book won't win prizes for great new food ideas. The meals are very simple, like cheese on toast, but they're easy to prepare and good for you, too.

##### ***Everybody Can Cook by Denise Macon***

With its 'look-as-you-cook' photos, you can see the author doing everything that you need to do in this wonderful new book. And, as the title says, you'll soon be able to make tasty meals. Many of them come from all four corners of the world. The author received £4,000 when the book was chosen as *Cookbook of the Year* in a competition this year.
