Today, basketball uniforms are much better. Players wear sleeveless shirts and longer, lighter shorts. The fabric is soft, cool, and easy to move in. Shoes are strong and help protect the feet. Uniforms now have bright colours and team logos.

In conclusion, basketball uniforms have changed a lot. They are now more comfortable, stylish, and safe. These changes help players play better and feel more confident on the court.

(Example 2)

In the past, there were no football uniforms. Players wore their own clothes. The first football uniform had long, loose shorts. Players wore striped, formal shirts with collars and buttons. It was made of a heavy fabric. Players wore leather football boots.

Write an essay in 100-120 words about how primary girls school uniform in Bahrain has changed. Include the following:

- a paragraph about how the uniform was.**

In the past, primary school uniforms in Bahrain were simple, traditional, and not very comfortable. Girls usually wore long, light-grey dresses with long sleeves, and boys wore plain white thoub with pants. The fabric was thick and heavy, which made it difficult to wear during Bahrain's hot summer months. Students often felt hot and uncomfortable in class.

Today, the Bahraini primary school uniform has become more modern, practical, and comfortable. Girls now wear shorter, cooler dresses made from soft cotton, while boys wear lightweight shirts and dark trousers or shorts. The new fabric helps students stay cool and fresh throughout the day.

Upcycling encourages us to think creatively and care for the environment at the same time. With a little imagination, almost anything can be upcycled into something amazing!

(Example 2)

Upcycling means the activity of turning old or used things and junk into new objects.

People share a lot of amazing ideas about upcycling on the internet. For example, you can use your old jeans, shirts, and T-shirts to make a bag. Another example is to use cans as metal holders for pens and pencils. It looks great as you put this holder on a table in the bedroom. Also, you can use a light bulb as a fishbowl.

Eid al-Fitr is a special time that brings people closer and reminds everyone to be thankful and kind.

It is one of the most enjoyable days in Bahrain.
