Writing (Unit 5)

Write an essay in 100-120 words about how a sport's uniform has changed. Include the following:

- a paragraph about how the uniform was.
- a paragraph about how the uniform is today.
- a conclusion

Before the 1900s, there were no special **basketball uniforms**. The first basketball uniform had knee-length padded pants or shorter pants with long tights. There were two types of T-shirts, one with sleeves, while the other was sleeveless. The entire uniform was made of heavy wool.

Basketball uniforms have changed through the years. Today they wear long shorts and sleeveless T-shirts. The uniform is made of lighter polyester and nylon. They wear sneakers. Each team has its own colours now. Players need uniforms that are practical and in fashion.

Uni 6

(1) Write an article in 100-120 words about upcycling ideas. Include the following:

- a sentence that describes the idea.
- at least 3 examples to support your idea.
- a concluding sentence.

Upcycling is wonderful. It means the activity of turning old or used things and trash into new items. Combining things to make new useful things is a popular activity nowadays. For example, you can use coloured car tires as plant pots or swings. Party dresses can turn into fancy cushions for the living room. Some upcycling ideas are more unusual, such as turning a small frying pan into a bird feeder. You just need to fix it in a cage, and surely you need some seeds for the birds. There are so many fascinating ideas to do with our old things. It is an opportunity to make use of them. Let's keep the earth clean.

(Unit 7)

(2) Write a review in 100-120 words to describe a product. Include the following:

- What the product is.
- What you like about it. (Good/ Positive points)
- What you don't like about it. (Bad/ Negative points)
- Your opinion about it.

Model Answer

If you want to camp, this cool new gadget could help you. It is a **smart electronic tent**. You just need an app on your smartphone.

This product is amazing because it lets you camp easily . It functions on solar cells. You will put this tent in your car's trunk, then you will just fix it by using an app on your smartphone. The tent will be fixed in 5 minutes. I love this product because it has electronic beds with relaxing pillows.

This product is incredible, but there are two things about it that I don't like. First, if it is damaged, it won't be easy to repair it. Second, it is very expensive and not all people can afford it. All in all, I give this product five out of ten.

Unit 8

Another model answers

Gerga'oon is a special day that is celebrated in the mid of the holy month of Ramadan, around the Arab Gulf states. It is a day dedicated to children across the gulf states because they fast for the first 15 days and need to continue fasting the rest of the month. So, families encourage children to continue fasting by celebrating Gerga'oon.

In Bahrain, on the day of Gerga'oon, the children come out carrying bags of cloth, they move from one house to another in their neighbourhoods, and they collect sweets and nuts. They also sing traditional songs of Gerga'oon.

Girls usually wear new various costumes of “Bakhnak” and beautiful jalabiyas. Boys usually wear white Thobs. It is one of the most enjoyable days in Bahrain.

During the 1950s, explorers on the island of Sulawesi in Indonesia discovered a series of cave paintings. At the time, experts assumed that they were less than 10,000 years old, making them 'young' in terms of cave art. Some European examples of cave art date back almost 38,000 years, and it is these earliest paintings that excite researchers the most. However, dating techniques in the 1950s were not as advanced as they are today. Using a new technique he developed, scientist and archaeologist Maxime Aubert re-examined the Sulawesi cave art and discovered that that their origins are much older than first believed. His findings suggest that the paintings were created up to 40,000 years ago. This means that they could be older than any known European cave paintings, and might possibly be the oldest known 'artwork' on the planet.

Your Dream Summer Job!

John Smith, 14, USA

My dad and I live near the beach, it is a great place to live in because I love the beach and I love swimming too. Every summer our town welcomes many tourists who come here to spend their summer with their families or friends. I always have a summer job at my fathers' surfing boards store, I like it and never miss it because it is a chance to meet a lot of new people and try out the surfing boards that my dad sells. Not to forget the payment that I receive at the end which helps me buy whatever I want.

Mariam Ahmed, 15, Bahrain

Fashion is my passion. In my free time, I try designing new clothes out of old ones for people that cannot afford buying new ones. I work hard to make them look as fashionable and trendy. In summer, my mother helps me raise small fairs to sell new clothes out of old clothes that people donated. I love doing this even though it is hard, it's worth the efforts because when you help people in need is amazing! My friends support me too. They help me create the new clothes.

Mike Wilson, 16, South Africa

My country is famous for safari parks and wild life. Many people visit it for fun and adventures. I like going to school but what I really love is when summer break comes. I always have a chance for a job at the safari park near my town. My job is usually cleaning and preparing supplies kit for the safari trip visitors. Sometimes, I go on one of the trips with the visitors. I've always thought that it's better than zoos where animals are kept in small spaces, whereas in the safari the animals live in very spacious lands just like their natural habitat.
