“Awesome rides and amazing facts” is an international website forum where people can post their favourite rides and share them with the readers.

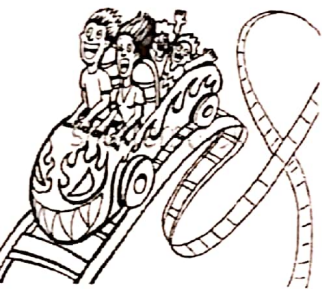

Nemesis

My name is Peter. My favourite ride is Nemesis at Alton Towers in England. It's not a high ride. It's seven hundred and sixteen metres long and thirteen metres high. It goes at eighty kilometres per hour. It can take one thousand four hundred people per hour. I love going on this ride! I like it because it takes a lot of people, so I don't have to wait for a long time in line.

Griffon

I'm Linda and My favourite ride is Griffon at Busch Gardens in the USA. It's nine hundred and forty-seven metres long and sixty-two metres high. It goes at one hundred and fourteen kilometres per hour. It can take one thousand four hundred people per hour. I like this ride because I love watching the scenes from that height and speed. It's amazing how small buildings can look.

Leviathan

I'm John from Canada. My favourite ride is Leviathan in Ontario, Canada. It's awesome! It goes at one hundred and forty-eight kilometres per hour. It's one thousand six hundred and seventy-two metres long and ninety-three metres high. It's considered one of the highest rides. I love going on this ride. The height at that speed is amazingly scary.

Medusa

I'm Jessy and my favourite ride is Medusa in the USA. It can take one thousand three hundred and fifty people per hour. It's one thousand two hundred and fifteen metres long and forty-three metres high. It goes at ninety-eight kilometres per hour. It's amazing! I can't describe how wonderful the feeling of freedom is.

Ultra Twister

My name is Miyu. I'm From Japan. My favourite ride in Japan is Ultra Twister located in Nagashima Spa Land. It can take six hundred people per hour. It's four hundred thirty three metres long and thirty metres high. It goes at seventy one kilometres per hour. You get into a shell with your friends and because it's in the middle of buildings it gets scary and fun at the same time.

B) People in London use their bikes a lot. Bikes are eco-friendly and also good exercise. But in London people usually take public transport for long distances.

F

D) Stretching helps your body to become more flexible. You won't pull a muscle or sprain an ankle. Martial arts and dancing are great for becoming flexible.

D

E) The ostrich can run at 70 km per hour for short distances, which makes it the fastest living thing on two legs. It can hear well and with its big eyes it can see better than almost all other animals and birds.

A

F) Bengal cats are often a bit lazy! The British shorthair cat is more energetic than the Bengal. The Burmese is the most energetic.
