Sports uniforms

In the past, sports uniforms were simple and made of wool and cotton. They were not good for the sports men who played in hot days. They were also loose and did not help with movement. Most sports, like football and basketball, had uniforms without safety style.

Today, sports uniforms have become a lot better. They are made of light cloth which helps players stay cool and comfortable. Modern uniforms are designed to help players move easily. In some sports, uniforms now have a lot of safety.

All in all, sports uniforms have changed to be better, stylish and safer to help players do their best.

Bahrain National Day

Bahrain National Day is a happy event in Bahrain. It is held every year on the 16th and the 17th. of December. People celebrate it in many towns like Hidd and Galali.

People prepare for this festival weeks before the event. They decorate the streets and houses with flags and colorful lights. On that day, people enjoy watching dances and listening to songs. Schools also have parties and students express their love to Bahrain.

I always go with my family to see the fireworks and laser shows. All the people in Bahrain feel happy on that day.

upcycling

Upcycling is amazing. It means turning old or used things into new items. Reusing old items to make new useful things is very popular nowadays. People share a lot of amazing ideas about upcycling on the internet.

For example, you can use coloured car tires as plant pots or swings. Another example is using broken wooden items to make toys for children. You can turn old clothes into fancy bags. There are so many great ideas to do with our old things and junk.

It is great to make use of them, not to throw them as waste. Let's keep the earth clean.

Product review

Last week I bought the ABC smartphone, and I am happy with it. The screen is big and clear. The phone is fast when I use the apps. The camera takes nice photos. The battery life is also good. It lasts me a full day regular use.

Also, I liked the design. It looks smart and modern. Everything works well on this phone. However, there is something I don't like about the phone. The memory is not big enough so I can not download a lot of apps.

All in all, I think it is a good phone for its price. I gave it nine out of ten.
