1- A story about an 'unforgettable day' unit 5

It was a dark and stormy evening when Toby arrived home from work. He felt tired and was glad to be home.

As he was taking off his coat in the hall, he heard a strange noise coming from the kitchen. He felt afraid because he thought there was a burglar in there. He stood there silently trying to decide what to do. He then decided to go into the kitchen to investigate. He took a deep breath, picked up his umbrella and slowly opened the kitchen door.

Toby laughed with relief when he saw his neighbour's cat on the kitchen table. It had come in through an open window to get out of the rain. He took the cat and returned it to his neighbour. "You scared me to death," she said to the cat. "It scared me to death too" said Toby laughing.

2- Giving advice, making suggestions unit 6

Your clothes are too tight, and you are definitely overweight, but how do you lose those extra kilos? All you need to do is be sensible when it comes to your eating and exercise habits.

First of all, you need to eat a variety of foods. If you only eat salads, you will not have enough energy to get through the day.

Secondly, you shouldn't miss meals. If you miss meals, your body will burn calories more slowly, and you can put on weight. Also don't forget to take up a sport you like. If you exercise regularly, you will lose weight.

All in all, what you need to do is watch your diet and take some exercise. If you do this, you will feel better and lose weight.

3- A pros and cons essay (advantages and disadvantages) unit 9

Is it true that the use of computers is always beneficial?

In fact, there are several advantages to using computers at work. First of all, they help people to work faster. For example, word-processing is much faster than writing by hand and can help you avoid spelling and grammar mistakes. Moreover, employees can organise their files into folders so that they can find what they need easily.

However, using computers at work also has some disadvantages. One disadvantage is that it is not safe to store all your work on a computer. Documents can get lost if the computer crashes or breaks down. Also, people are losing their job as computers replace people at work.

To sum up, using computers can be both advantageous and disadvantageous. Despite the problems, however, I believe that they are important tool at work and we should try to make the best of them.

4- A review of a place (a restaurant or a shopping mall) unit 7

"The Globe" is a new restaurant in Calliopi Square. It is a traditional restaurant with a cosy, relaxed atmosphere where you can enjoy eating by candlelight in the square.

The food is all home-made from traditional recipes, and the fresh fish is delicious. The prices are very reasonable, but the service is a little slow and the staff were not very helpful when we were choosing our food.

I can recommend this restaurant for its location, atmosphere and the quality of the food, but they need to improve the quality of their service.

4- A visit to a place: Shopping mall

Last week, our class paid Bahrain City Centre a visit. It's in Manama. We started our visit in the early morning. We went by bus.

It's a modern multi stores shopping mall. It has some excellent shops and restaurants. Most of the prices were reasonable. We found different amazing things such as the latest computer games. We shopped for a long time and had lunch in a very splendid restaurant. The only thing I didn't like was the fact that it was very crowded.

In fact I spent one of the happiest days in my life. I hope I will visit this shopping mall again.

Dear Amanda,

5- A review of a film

unit 8d

I hope every thing is ok! I'm writing to tell you about a great adventure film I saw called 'Harry Potter and the Prisoner of Azkaban'. I went to see it on Saturday with my cousin. We both thought it was brilliant.

The plot is really exciting. It's about the adventures of a young wizard and his friends. The actors are wonderful, the special effects are amazing and the music is fantastic. I loved it. You really have to see it!

Anyway, I have to go now. Please write soon and tell me all your news.

Love, Mary

6- Personal profile

unit 8A

I'm I'm years old. I'm a student inschool. I like playing video games and watching movies.

I really enjoy sports especially football. In my spare time I love watching football matches. I also love playing football games. I enjoy reading about sports and playing with my friends. I enjoy doing outdoor activities like camping. It is so adventurous and I love adventures. I hope that I can join any outdoor competition to see how far I can go on and to test my full effort.

My luxury item is my ball. It is always with me wherever I go so that I can start playing whenever I want to.
