*My village, Barbar, is located in the Northern Governorate. It is a very developing village by the sea with lots of beautiful houses and villas. The people of my village are very friendly and helpful. Most of them used to work as farmers and fishermen but now a lot of them are doctors and teachers.*

*Getting around Barbar is so easy because most of the streets are paved and new, the visitor can use his own car or even get around in a taxi.*

*Barbar, of course, is like most seaside villages in Bahrain, the humidity is very high in summer.*

*There are many places to go to in my village such as the ancient temple of the Delmon civilization or drop by the sea where one can smell some fresh breeze. But Barbar lacks the shopping centers which makes people go to the city to find there necessities*

*that are unavailable in the small shops of the village. We also need more entertainment center to have fun and spend our free time in. We only have Barbar club, we need cinemas and theatres.*

*I believe, I can write books on Barbar . Why don't you come and spend your weekend right here with me?*

*Write to me soon*

*Take care,*

***My family and I have just moved to Cambridge. It's green, very peaceful and I like it a lot! What is the city you live in like? Do you enjoy living there?***

***Now write an email to Helen, telling her what the city you live in is like and if you enjoy living there or not.***

*Dear Hassan*

*Hi! How's everything going? I was really pleased to get your email and I am glad you like Cambridge.*

*My city, Barcelona, is a cosmopolitan place situated in the north-east of Spain. There are beautiful blocks of flats, elegant shops and fantastic shopping centers. The people are very friendly. I just love walking along the busy street and mixing with the city people. Getting around Barcelona is quite easy because there is a metro and lots of buses. Of course, Barcelona, like most big cities, has its problems, too. It can be noisy, with heavy traffic and crowded streets. I don't mind, though. You see, I'm a city girl and I love it.*

*Barcelona is never boring. There are lots of cinemas, theatres, cafes and restaurants. What I enjoy the most, though, is the sea, and the musicians performing in the streets during summer.*

*I guess I could talk about Barcelona for days. Why don't you come and spend your summer holidays with my family and me?*

*Write back and let me know.*

*Take care,*

*Christina*

Hi! Max

Did you know that I've moved to a new Neighborhood? It's next to the beach, the neighbors are very kind and friendly to us.

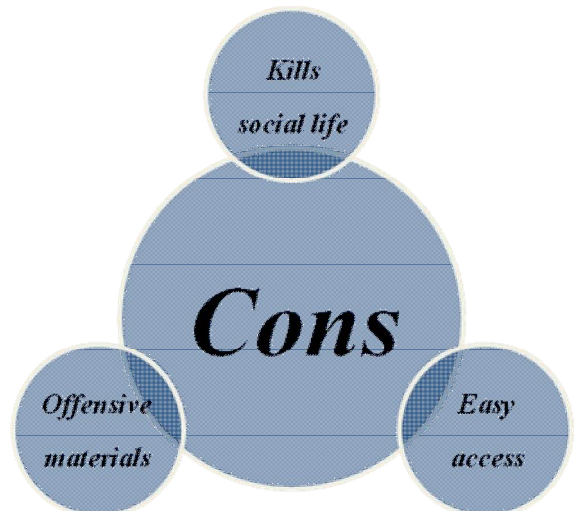

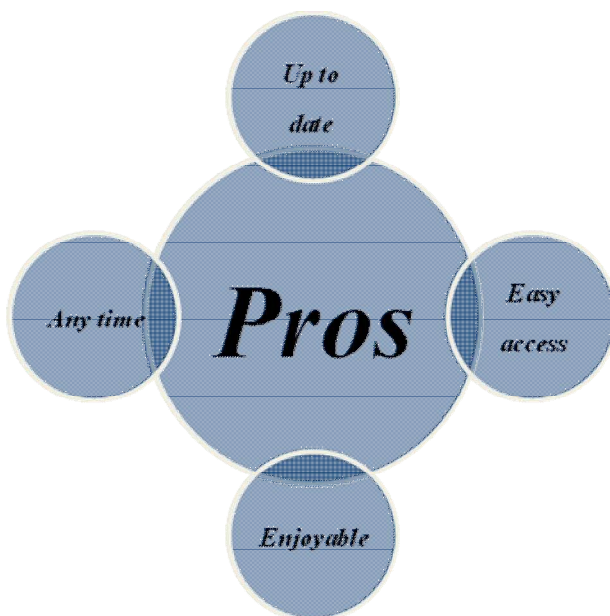

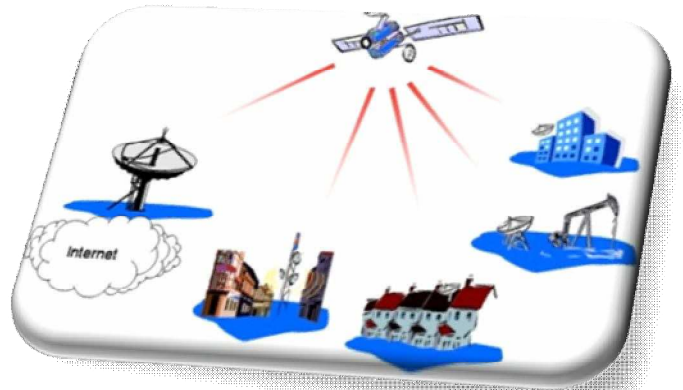

There are a lot of things to see like the street dancers, they are so cool. And the big shopping mall. I really loved this place since I have moved, but I still don't have any friends yet.

I think this is the difference between our new neighbourhood and the last one.

Your friend

Hussain

## Pros & Cons of the Internet

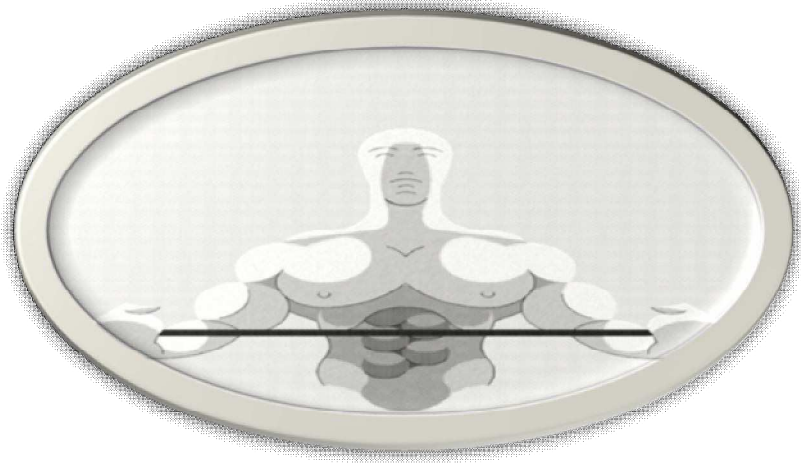

*The internet has come a very long way in the past 50 years. Nowadays, rarely you find a house with no access to the Internet. The Internet has changed the way that people view and obtain information. It has even changed the way people live. It is a global computer network connecting millions and millions of users throughout the world.*

*There are a number of advantages to the Internet. **To begin with,** it is very enjoyable and exciting. The Internet has helped people to get information easily; just with a click of a mouse you can download thousands of files onto the desktop of your computer. Also, you can make friends from all over the world at any time you wish. You can see them and talk to them.*

*On the other hand, there are some disadvantages to the Internet. **To start with,** the Internet has killed the social life between people. Instead of visiting each other, people get connected on the Internet or send emails. **In addition,** children may get used to offensive materials on the web which can be very dangerous. **Moreover,** your personal information or credit cards might be at risk because there are a lot of hackers and strangers who try to interfere with other people business.*

***On the whole,** although the Internet is double-edge discovery, I believe it is very exciting and enjoyable, it might not be dangerous if we are careful and use it the right way.*

**Your teacher has asked you to write an essay discussing the pros and cons of exercising indoors.**

*Exercising is the best way to keep fit and healthy. Most people exercise indoors in a gym or sports center, but exercising outdoors can be just as effective.*

*There are many advantages to exercising indoors. Firstly, you don't have to worry about the weather. In addition, it's safer to exercise indoors because you don't have to worry about traffic or slippery roads. Furthermore, there are trained professionals to help you so that you don't hurt yourself.*

*However, exercising indoors does have some disadvantages. To start with, you don't get any fresh air inside a gym. Gyms can also get very crowded and you can waste a lot of time waiting to use the equipment. In addition, there aren't many sporting activities you can do.*

*All in all, I believe that exercising outdoors is healthier and a lot more fun. You can do anything from playing football to windsurfing or hiking. In my opinion, most of us spend too much time indoors and even a jog around the park is healthier than being stuck in a stuffy, overcrowded gym.*

## *Eating out!*

<b><i>Decor</i></b>	<i>Modern, luxurious, simple, unusual</i>
<b><i>Food</i></b>	<i>Tasty, spicy, plain, tasteless, traditional</i>
<b><i>Services</i></b>	<i>Fast, low, poor, excellent</i>
<b><i>Prices</i></b>	<i>High, low, reasonable</i>
<b><i>Atmosphere</i></b>	<i>Relaxed, romantic, friendly, formal</i>

***Think of an unusual restaurant in your town and write a short review of it.***

***Write about the:***

- ❖ *Location*
- ❖ *Décor*
- ❖ *Food*
- ❖ *Prices*
- ❖ *Atmosphere*

*If you are looking for an exciting meal and a fun dining experience, then you must pay a visit to the "Ice Lounge Restaurant" in Dubai, the first and only one of its kind in the Middle East. The Ice Lounge offers a large variety of tasty food from different countries around the world at very expensive prices. The service is excellent and very fast because the temperature is unendurable. Inside of the lounge you will have a -5 Celsius environment where basically everything from the unusual decoration, furniture and teacups are made of ice, but outside of the lounge, you will have a constant heat of over 40 Celsius in daytime.*

*A visitor will be provided with necessary clothing and a hot drink that is likely to turn cold in minutes.*

*Write a short review of a must-see film for a local magazine.*

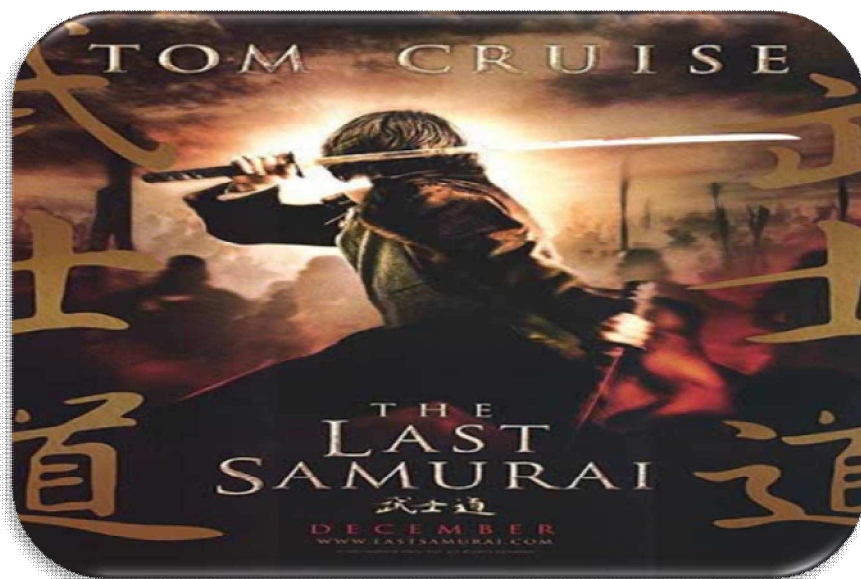

### ***The Last Samurai Review***

*The Last Samurai is a brilliant action adventure film directed by Edward Zwick.*

*Tom Cruise stars as Nathan Algren, An American Civil War hero who goes to Japanto fight the Samurai.*

*He is captured by the Samurai leader Katsumoto,  
Played by Ken Watanabe, and becomes one of them. Fantastic action scenes, amazing acting and a great storyline.*

*If you haven't seen this superb film yet, don't miss it!*

## ***Titanic Review***

*Titanic is an Oscar winning movie. It is a romantic epic film that celebrates the love story between Leonardo di caprio as Jack and Kate Winslet as Rose. The love story has been presented at the back ground of the titanic tragedy. The Titanic was a big ship built in the mid 50 and was boasted to be the best in the world and the ship that can never be drowned at any cost. But unfortunately during its debut journey, the ship sank in between the journey and everybody including Leonardo died. The story starts with Kate Winslet who is one of the few survivors of the tragedy remembering the sinking of the Titanic. The movie is very well written, brilliantly pictured, and firmly directed by James Cameron. It truly deserves the Oscar award for the best movie and performance. This is one of the best movies in the history of the world cinema.*
