 (b) apology (d) biology
67. The American Indians are the _____ people of North America because they have been there for thousands of years.
 (a) meticulous (c) adventurous
 (b) generous (d) indigenous
68. Before using your new washing machine, you should read the instruction _____.
 (a) annual (c) factual
 (b) manual (d) animal
69. When you leave the room, please remember to _____ the lights to save energy.
 (a) turn off (c) turn on
 (b) turn in (d) turn to
70. That company closed down because they were unable to _____ qualified engineers.
 (a) salute (c) suit
 (b) recruit (d) root

Part III: Reading Comprehension

Romany is the language of the Gypsies. The origin of the Gypsies was long a matter of speculation. The English word *Gypsy* stems from an early belief that they came from Egypt. This has now been disproved.

The question was resolved by the science of linguistics. A detailed study of the Gypsy language has shown that the Gypsies originally came from India. The common features it shares with Sanskrit and later Indian languages can lead to no other conclusion.

The Gypsies are believed to have begun their migration westward about a thousand years ago. Loanwords in their language from Persian, Armenian, and Greek provide some indication of the general course of their travels. Today Gypsies are to be found in many countries of both Eastern and Western Europe as well as in the United States of America. A rough estimate of their numbers would be in the neighborhood of 5 to 6 million.

The name Romany is derived from the Gypsy word *rom*, which means "man". Dialects vary considerably, each strongly influenced by the language of the country in which it is spoken. The English word *pal*, which means "friend", is of Gypsy origin, coming from the Romany word *phral*, which means "brother".

71. What language do the Gypsies speak today?

- (a) Romany
- (b) Sanskrit

- (c) Persian
- (d) English

72. What is the country of origin of the Gypsies?

- (a) Egypt
- (b) India

- (c) Greece
- (d) The United States of America

73. We know where the Gypsies come from because of their _____.

- (a) numbers
- (b) passports

- (c) language
- (d) appearance

74. The passage assumes that the reader knows that Sanskrit was spoken in _____.

- (a) Armenia
- (b) Persia

- (c) India
- (d) Greece

75. The word course in the passage means _____.

- (a) class
- (b) meal

- (c) term
- (d) path

The Drinkable Book is a water filter and an instruction manual for how and why to clean drinking water. The book not only contains information about clean drinking water printed on its pages, but the actual pages themselves can be torn off and used as high-tech filters that will remove 99% of bacteria from the filtered water. This filter works to produce clean drinking water by pouring dirty water through a thick, sturdy sheet of paper embedded with silver nanoparticles (PAGE-drinking paper), which are lethal for microbes. This paper was created and shown to be highly antibacterial during Dr. Theresa Dankovich's Ph.D. work in chemistry at McGill University. The filters can last a couple of weeks, even up to a month, so the entire book could provide the tools to filter clean water for about a year. Theresa and a team of students tested these filter papers with water samples in South Africa at the WATERisLIFE sanitation program for the next step in developing the Drinkable Book for use in the real world. With WATERisLIFE, the filter papers have been successfully field tested in Ghana, Haiti, and Kenya. Hopefully soon, PAGE water filters will supply cheap clean drinking water for many, many people in the developing world who don't have access to it.

76. According to the passage, the pages of the Drinkable Book act as _____
- (a) a filter (c) water
(b) a microbe (d) bacteria
77. According to the passage, which statement is true?
- (a) The Drinkable Book is already available for sale in many countries.
(b) The Drinkable Book pages are only good for one use and are expensive.
(c) Many people in the developing world don't have access to clean water.
(d) Theresa and her team have yet to test the Drinkable Book on dirty water.
78. How does the Drinkable Book produce clean drinking water?
- (a) The pages can be used as a manual, torn off, and used as high-tech filters.
(b) The pages remove ninety nine percent of the bacteria from the water.
(c) The pages are embedded with silver nanoparticles that are lethal to microbes.
(d) All of the above.
79. The word lethal in the passage means _____
- (a) deadly (c) harmless
(b) beneficial (d) helpful
80. According to the passage, the Drinkable Book was tested _____
- (a) at McGill University (c) in South Africa
(b) on clean water (d) on Ph.D. students

Snapchat is an image messaging and multimedia mobile application. One of the principal concepts of Snapchat is that pictures and messages are only available for a short time before they become inaccessible. Snapchat is primarily used for creating multimedia messages referred to as "snaps"; snaps can consist of a photo or a short video, and can be edited to include filters and effects, text captions, and drawings.

According to Snapchat's published statistics, in 2016, the app's users were sending 10 billion videos per day and by the end of 2016, the app had over 156 million users worldwide. In July 2016, Snapchat introduced a new feature known as "Memories". Memories allows snaps and story posts to be saved into a private storage area, where they can be viewed alongside other photos stored on the device, as well as edited and published as snaps, story posts, or messages. In August 2016, Snapchat launched Geostickers, a feature that lets users send city-specific stickers in snaps and messages. In January 2017, Snapchat added search functionality and a new global live "Our Story" feature to which any user can contribute. "Stories", consisting of pictures and videos, are viewed in chronological order, and each segment is accessible for 24 hours. Photo and video snaps presented to friends in the Stories functionality had surpassed person to person private snaps as the most frequently-used function of the service, with over one billion viewed per day.

81. Pictures and videos on Snapchat can be viewed only within a _____.
(a) week (c) month
(b) day (d) year
82. Snapchat is used to send multimedia messages called _____.
(a) snaps (c) apps
(b) memories (d) geostickers
83. According to the passage, by the end of 2016 Snapchat had _____ users worldwide.
(a) 10 million (c) over 156 million
(b) one million (d) over one billion
84. In the passage, the word inaccessible means _____.
(a) unavoidable (c) unacceptable
(b) unavailable (d) unfashionable
85. According to the passage, which statement is **false**?
(a) Geostickers allow users to send city-specific stickers.
(b) Memories allow snaps and story posts to be saved.
(c) Snapchat saves pictures and messages for a short time.
(d) Snapchat users are sending one million videos per day.
