Worksheets for comprehension quiz

First term

Grade 6

1- Reading Comprehension

Read the following passage and answer the questions:

The camel is one of the most amazing animals in the world. It is often called “the ship of the desert” because it can travel long distances across hot, dry lands where water is difficult to find. This special ability helps them survive in harsh desert conditions.

A camel can walk for hours in the heat without getting tired. Camels also provide milk, meat, and even wool for clothing. Their wide, flat feet make it easy for them to walk on sand without sinking. The camel is more than just an animal; it is a partner that has helped people survive in deserts for a very long time.

* Choose the correct answer from a, b, c and d:

1. The best title for the passage is:

- a) Animals in the forest
- b) The desert animal
- c) Fat and food
- d) Life in the sea

2. The underlined word “harsh” in line 6 is closest in meaning to:

- a) easy
- b) soft
- c) simple
- d) dangerous

* Answer the following questions:

3. Why is a camel called “the ship of the desert”?

.....

4. The camel is not just an animal. Explain

.....

2- Reading Comprehension

Read the following passage, then answer the questions below:

Of all wonders of creation, the human brain is the most marvelous. All parts of the body are supplied with nerves which connect these parts with the brain. When the eye sees something dangerous coming, a picture is formed at the back of it; then a message is sent to the brain, and instantly a message is sent to the correct organ to move away from that danger.

The human brain is about one kilogram, but it is more **complicated** than any other computer in the world. The left side of the brain mainly controls the things we learn such as reading and writing. The right side controls abstract things. (110 words)

(A) Choose the correct answer from a, b, c or d:

- 1- The best title for this passage could be :
 - a. The Whole Body
 - b. The Human Brain
 - c. The Telephone Exchange
 - d. The Computer
- 2- The opposite of the underlined word "**complicated**" is:
 - a. huge
 - b. similar
 - c. simple
 - d. small

B) Answer the following questions:

- 3- How much does the brain weigh?

.....

- 4- What does the left side of the brain mainly control?

.....

Model Answers

1- Reading Comprehension

Read the following passage and answer the questions:

The camel is one of the most amazing animals in the world. It is often called “the ship of the desert” because it can travel long distances across hot, dry lands where water is difficult to find. This special ability helps them survive in harsh desert conditions.

A camel can walk for hours in the heat without getting tired. Camels also provide milk, meat, and even wool for clothing. Their wide, flat feet make it easy for them to walk on sand without sinking. The camel is more than just an animal; it is a partner that has helped people survive in deserts for a very long time.

* Choose the correct answer from a, b, c and d:

1. The best title for the passage is:

a) Animals in the forest

b) The desert animal

c) Fat and food

d) Life in the sea

2. The underlined word “harsh” in line 6 is closest in meaning to:

a) easy

b) soft

c) simple

d) dangerous

* Answer the following questions:

3. Why is a camel called “the ship of the desert”?

because it can travel long distances across hot, dry lands where water is difficult to find.

4. The camel is not just an animal. Explain

It is a partner that has helped people survive in deserts for a very long time.

2- Reading Comprehension

Read the following passage, then answer the questions below:

Off all wonders of creation, the human brain is the most marvelous. All parts of the body are supplied with nerves which connect these parts with the brain. When the eye sees something dangerous coming, a picture is formed at the back of it; then a message is sent to the brain, and instantly a message is sent to the correct organ to move away from that danger.

The human brain is about one kilogram, but it is more **complicated** than any other computer in the world. The left side of the brain mainly controls the things we learn such as reading and writing. The right side controls abstract things. (110 words)

(A) Choose the correct answer from a, b, c or d:

- 1- The best title for this passage could be :
- a. The Whole Body **b. The Human Brain**
c. The Telephone Exchange d. The Computer
- 2- The opposite of the underlined word "**complicated**" is:
- a. huge b. similar **c. simple** d. small

B) Answer the following questions:

3- How much does the brain weigh?

The human brain is about one kilogram

4- What does the left side of the brain mainly control?

It mainly controls the things we learn such as reading and writing.
