### WRITING 1

[5 marks]

Write at least **100 words** on the following topic:

**"Shopping in modern malls is more interesting than shopping in traditional markets"**

Do you agree or not? Give your reasons.

*Your writing should be clear and convincing.*

No one can deny that **shopping** plays an important role in our life nowadays. Shopping becomes so common and necessary in our life according to many changes in life styles.

In my opinion, I agree that **shopping in modern malls is more interesting than shopping in traditional markets**. I have my own opinion and my own reasons. I am going to display them here. First, I think that shopping in malls is better because you can find famous brands and fine goods there. **Second**, I think that people like bright lights of malls. They are attracted to buying brands. People like going shopping with family. Shopping malls are good places to eat in restaurants, drink coffee in cafes and play games in toy parks. Therefore, malls are suitable places for families with their children.

On the other hand, some people have another opinion. They think that you can bargain in traditional markets why you can't do that in shopping malls. You can find ancient goods and traditional things to buy there.

To conclude, I think that **shopping** is very vital and necessary in our life recently. Shopping in malls is more attractive than traditional markets.

Write at least **100 words** on the following topic:

**"Online shopping becomes more attractive than traditional shopping nowadays"**

Do you agree or not? Give your reasons.

*Your writing should be clear and convincing.*

No one can doubt that **shopping** plays an important role in our life nowadays. Online shopping becomes more favourable than traditional shopping.

In my view, I agree that **online shopping becomes more attractive than traditional shopping nowadays**. I have my own opinion and my own reasons. I am going to discuss them here. First, I think that online shopping is easy and comfortable. You can shop and purchase items at your place without the need to go out or waste your time. **Second**, I think that you can find great offers, sales and variety of goods. There is a great competition among companies to attract customers and offer great deals and discounts.

On the other side, some people have another opinion. They think that traditional shopping is the best shopping at malls and markets. They like to test the quality of the goods by their own hands and eyes. Moreover, they like hanging out with friends or families and enjoy their time outside the house.

To conclude, I think that **shopping** is very vital and necessary in our life recently. Online shopping becomes so popular among all people all over the world.

Write at least **100** words on the following topic:

"Completing your higher studies is better than starting your own business after school."

Do you agree or not? Give your reasons.

*Your writing should be clear and convincing.*

No one can doubt that **studying** plays an important role in our life nowadays. Higher studies is the best choice for most people recently.

In my view, I agree that **completing your higher studies is better than starting your own business after school**. I have my own reasons. I'm going to display them here. First, I think that continuing higher studies is so important and valuable to get a degree to benefit you in your future career. **In addition**, it provides much learning and this will definitely lead to better chances of jobs in the future. **Moreover**, if you decide to start working at once when you leave school, you might not get a better job and this will affect your expected salary. **Also**, you should go on studying after school in a college or university to increase your knowledge and your life skills.

On the other hand, some people think that they prefer starting work immediately because they need money to start their career.

To sum up, I think that **studying** is very important and vital in our life nowadays. Completing higher studies is the best solution for a better life in the future.
