Dear Fahad,

Last week was a fantastic week! I went with my family to South Korea for 3 days. It is famous for technology and music. It is a beautiful place where most of the people use phones for calling, messaging and playing games. In the first day, we went to see their museum which had ancient things like costumes, and instruments. It was amazing! The next day, we met my father's friend Ahmed who attended the opera with us. We laughed a lot because we didn't understand it! In the third day, we sat near the city fountain. It had free WIFI and a huge playground. We spent a good day there. That's all! I put some pictures. I hope you like them.

I hope you are well.

Thank you for the last email.

I enjoyed your e-mail about Al Jalali Fort in Muscat. I am going to tell you about a famous building in India that is called The Taj Mahal, that means "crown of palaces". It was built as the final resting place for Mumtaz Mahal by the Mughal emperor Shah Jahan. Building it took around 20 years. It is made of white marble. One of the Taj Mahals most famous features is a large white dome that is called an „onion dome“ and there are 4 smaller domes around it. The height of Taj Mahal is 171 meters. Millions of tourists come to visit it every year. I hope you like it.

Subject: My visit to the zoo

Dear Salim,

How are you? I wish you are enjoying your time. I had a wonderful time with my brothers last Eid holiday. My father took us to the zoo. We arrived there at 9 o'clock in the morning. My father bought the tickets for us. First, we saw the lions in their cages. They were eating their breakfast. We enjoyed seeing them. Then we moved to another section of the zoo where we saw many kangaroos. They looked nice and were jumping very happily. Then we moved to the third section where we saw snakes and crocodiles. They looked very dangerous and scary. At the end, we visited the monkeys' cage. We spent one hour watching them because they were doing funny things. It was afternoon and we all had to go back home. I enjoyed my visit to the zoo very much. How did you spend your last Eid holiday Salim?

Waiting for your e mail.

Dear Sara,
How are you? I haven't seen you for a long time. I have been busy this week with my school's project. It is about dolphins. This is the information I collected about these animals.
Dolphins spend their lives in the sea but they are not fish. They are mammals. They can't breathe in water like fish, they come to the surface to breathe air. They eat fish and squid. Dolphins get the water they need from the animals they eat. The largest dolphin is the "Killer Whale" and the most known dolphin is the "bottlenose dolphin". Dolphins can swim up to 260 meters below the surface of the ocean. They are very social animals and they communicate with each other by clicking, whistling and other sounds. They like jumping out of the water. Dolphins are one of the most playful and intelligent animals on our planet.
Please if you have some more information about dolphins send it to me.
Yours,
Fatma

It used different types of electrical machines. The engineers told us how cars are made, It was very interesting. This week our school showed a part of my project. I made a car. It was very funny. I made it from old shoes boxes and four pieces of rubber. It was very noisy but I liked it very much. Some other students made lorries and planes.

Hi Sara

How are you? You asked me in your last letter to tell you about my sister's birthday party.

It was my sister's birthday last week and she had invited my uncles, my aunts and some of her friends. My mother and my sisters made most of the food for the party. The living room looked very pretty. Balloons of all colours were hanging from the lights and we took away the carpets because we were going to play games there after dinner.

In the dining room, we put the best plates and glasses and table-cloths. We had fish, chicken, fruit and cheese. We played games until midnight and after that we had some more food, because we were hungry. Then we threw the balloons around till they burst.

It was a beautiful party I wish you were here with me. Thank you again.

I am sending you this e-mail to help me in my project about stories. My teacher asked me to write about a story I liked and yesterday I saw a cartoon movie about Little Rita. I am thinking to write about it. She is a little girl who had a car accident. Rita was unhappy because they told her she would never walk. Her family were worried about her. Then her father had an idea and decided to buy a wheelchair for her. But the wheelchair was very expensive. All the family started to save money. After two months they bought it and Rita was very happy and her life changed. She thanked her family and started to enjoy her life again.

What do you think? Do you advise me to write about it?
