Last month, our city held a big cultural festival in the main theatre. It was my first time at such an event, so I was very excited. People from different places came to enjoy the day. The hall was full of families, students and tourists. Everyone was waiting for the performances to begin.

The festival started with a friendly presenter who welcomed the audience and explained the programme. Then a group of actors performed a short play about Omani traditions. Their clothes were carefully made by a famous costume designer. After the play, a singer came on stage and sang traditional songs while the musicians played drums and guitars. The sound editor made sure the music was clear and enjoyable.

After that, an animator showed a new cartoon film on a large screen. The story was written by a local writer. A puppeteer moved the puppets during another scene to make the characters look alive. A camera operator recorded everything so that the festival could be shared on social media later.

At the end, the audience clapped because they felt excited. The performers felt proud because their work was enjoyable. It was a wonderful day. I decided to visit the festival again next year.

*For each question, write a short answer (**not more than FOUR WORDS or a NUMBER**).*

1. Where was the festival held? _____
2. Who designed the clothes? _____
3. What did the musicians play? _____
4. Who moved the puppets? _____
