**Activity: walks long distances, live without water for days**

**Special fact: symbol of beauty and strength in Arab culture.**

### Arabian Oryx

The Arabian Oryx lives in the deserts of Oman, Jordan, and the United Arab Emirates. It is about one metre tall and weighs around 70 kilograms. Its body is white, but its face and legs are dark. It has long, straight horns that make it easy to recognize. The oryx eats grass, roots, and herbs. It can walk long distances across the hot desert and live for days without water. It is a symbol of beauty and strength in Arab culture.

Write an information text at least 80 words. Use all information from the box.

**Name: Komodo Dragon**

**Home: Indonesian islands**

**Size: up to 3 metres long, 70–90 kg**

**Colour: brown-grey skin**

**Food: meat (deer, pigs, water buffalo)**

**Activity: good swimmers, run fast for short distances**

**Special fact: the largest lizard in the world – it can kill big animals.**

### Komodo Dragon

The Komodo Dragon lives on the Indonesian islands. It can grow up to three metres long and weigh between 70 and 90 kilograms. Its skin is brown-grey and very strong. The Komodo Dragon eats meat such as deer, pigs, and water buffalo. It is a fast runner for short distances and also a good swimmer. It is the largest lizard in the world and can kill big animals with its powerful bite. It is a strong and dangerous predator.
