Dear Mr. Nasr,

I hope this message finds you well. As you know, my family and I are moving to Haima to look after my grandfather who needs to be surrounded by us, his family. Unfortunately, this means that I won't be able to complete the school year here. I wanted to express my gratitude for everything you've done for me during my time here. We are planning to leave at the end of this month, April.

I've had a great time at this school, and I've learned so much from you. I will always remember the French language that you taught me, as well as the memories I've made here and the friendships I've formed.

Although I'm sad to leave in the middle of the school year, I'm also excited for this new adventure and the opportunities it will bring. I will definitely stop by your office to say goodbye next Sunday, and I will tell you about the updates of my grandfather's situation, as our friend Sultan will also join us.

By the way, I wanted to let you know that I was offered a position as a mathematics teacher at Al Shafi Private School. I hope we can stay in touch. Thank you again for all of your support and encouragement. If you have the chance, I would be delighted if you could visit me at my new school. I will send you my address as soon as possible.

Best wishes,

Ali

Dear Amal,

I would like to introduce myself. My name's Sara and I am fifteen. Since 2022, I have lived in London with my mum and my little brother Salim. My dad passed away, so we couldn't stay in our old house in Manchester. Now, we are living in a small house. It's got only two bedrooms and a small garden.

Our small house is located near my school, so I don't need to go by bus. I can go on foot. I like school and my favorite subjects are Math and Science. I enjoy dealing with experiments when I leave school. What about you? What subjects do you enjoy most at school? I enjoy playing table tennis and I am in the school table tennis team. Last week, we had a challenging match and fortunately, we won, and I scored a goal.

My best friends are Hoor and Noor and we are in the same class. Our English teacher is kind, but sometimes she gives us lots of homework unlike Arabic teacher who rarely asks us to do any homework. I often go to a café with my friends after spending long time at school. We usually go to this café because it has Wi-Fi so we can chat online. Then, we go home to do our homework. At the weekend, I sometimes play table tennis to improve my skills in this sport and I often go roller skating in the park. I am an expert roller skater because I can go very fast. Sometimes I take my little brother to train him to be a good roller skater.

Write soon and tell me all about yourself, your friends, and your family.

Best wishes,

Sara

Dear Maha,

I am having a wonderful time here! We are on a lovely island for two weeks in Turkey, called Princes Island.

We arrived on Tuesday morning. We are staying in a nice and quiet hotel. It's got a lovely swimming pool.

The weather is hot and sunny. Sami is diving in the clean water and looking for some shells to take home. Dad is visiting some ancient places on the island. Dad is taking photographs of an ancient temple near our hotel. Mum is buying souvenirs at the market. She loves that market but it's a bit noisy.

We go to restaurants every night for dinner. Mum and dad always order seafood. I usually order chicken. it's delicious! The local people are really friendly. I love to be here so much. That's all for now.

See you soon.

Dear Omar

How are you doing now? I am sorry to hear that you've broken your arm! Don't worry, you will be better soon.

As I promised, I am writing to tell you about my last holiday. It was a five-day trip to Manchester in the UK. I know Manchester well because I lived there more than ten years ago, when I was studying at the university.

I didn't stay in a hotel. I stayed in my friend's house. It was so much fun, and a little bit like my life at home. I wanted to do the same things I did when I was studying at the university. Therefore, I visited the university. It has changed a lot and looked more modern. I also went to the supermarket near my old house. I loved seeing all the different food items. I was happy to find my favourite chocolate biscuits, which I used to buy, but they were a bit more expensive than I remember!

I also went to Alexandra Park which is more than 240 Km in size. I walked up beautiful hills and around the lake. The views and the sounds of nature were amazing up there. I joined one of the festivals and luckily, it was the annual Caribbean musical festivals. I enjoyed every minute of it. After a long day at the park, I went back to the house feeling so tired.

I hope that we will go together next time. See you soon.

Yours

Hi Jean,

It was great to hear from you. I've been studying for my tests. Math is my weakest subject. You are probably very good at it. I wish you lived closer, so you could help me with my Math homework.

I'm very lucky to have a penfriend who knows two languages. I often think how lucky I am that English is my first language. My school has some classes for French and German, and some students are even learning Chinese. I think it would be hard to learn a language like Chinese because it has no letters like we use in English. However, some Chinese characters look cool. It would be fun to learn to draw them.

I really like calligraphy. In an art gallery in my town, there are some Chinese pictures with calligraphy. I am learning calligraphy in my spare time, using the English alphabet.

I'd really love to visit you, but the ticket is very expensive. Maybe we should both save up for a trip and the first person to save up the ticket price makes the trip. I know my mom would really like you to stay with us.

Well, I must stop now. I have some Math homework to do before tomorrow. It will take me hours to finish.

Write Soon.

Your friend

Toomy

Dear Aysha,

How are you? Thanks for your email. I was very happy to hear that you had a fantastic summer holiday.

This time, I will tell you about my holiday in Jabel Al Akdhar. It is one of the best places in Oman. My father took me with my three brothers to Jabel Al Akhdar. My mother didn't come with us because she was at work.

We left home at 7:00 am. The road was good but it was very long. It took about four hours to reach the mountain. The weather was very cold so we wore heavy clothes. We saw some fruits like pomegranates, almond and olives. We saw many rose farms, which are used to make rose water.

At night, we felt hungry so my father decided to do a barbecue. We stayed at AL Jabel Hotel. It was on the top of the mountain. The hotel was fantastic. The next morning, we had a delicious breakfast. I ate fresh toast with jam and my brothers ate cheese sandwich. My father took fruit salad only with a cup of coffee.

Before we left the place, my father bought rose water for my grandmother. My mother asked my father to bring fresh olives. It was a very exciting day.

That's all about my trip to Jabel Al akhdar. I wish to visit you soon.

Best wishes

Noura

Dear Asma,

Hi. How are you? I hope you and your family are doing well.

I was glad to hear that you have passed your exams with an excellent grade. I am writing this email to tell you about my trip to Salalah.

My father had a 2-day trip to Salalah and asked us to join him. We were very excited because it was the first time to visit it. My family and I arrived at Salalah airport on Monday. We stayed in the Millennium Hotel in Rubat Street. It was grand and luxurious. On that day, we chose to rest at the hotel because we were very tired from the flight.

On Tuesday, we visited Al-Mughsail Beach. It was nice and relaxing. My brother Ali enjoyed getting wet by the water fountain there. My father met his friend Salim there, and we sat and chatted together.

On the next day, we went to Wadi Darbat and enjoyed the tour in the boat. The water was crystal clear and the grass was lush green. The Wadi was crowded with locals and tourists. We had our lunch under a giant tree in the Wadi. I ordered chicken and chips, but my family preferred fish and rice. The food was delicious and spicy.

We returned to Jordan on Thursday. I was happy of my visit to Salalah, and I hope to go there again. Waiting to hear from you.

With love,

Sara

Dear Adam,

How are you? How is your family? It has been a while since we last met. I hear you broke one of the company's windows. Don't be upset, it could happen to anyone. I remember my first day on the job. When I was 15, I got an after-school job as a sacker, or a bag boy, at a local supermarket. Back in those days, sackers not only bagged customers' groceries but also carried them to their cars and loaded them in.

I accidentally broke a glass door while pushing a cart through the exit door of the store. I was anxious that I would lose my job, but we managed to clean up the broken glass and close off the exit.

The next morning, when I showed up for work, I got a call from the store manager to meet him in the office. He pulled out a pen and pad and said "The cost to replace the door glass was \$38.00. How much should we take out of your pay check each week to pay for it"?

I answered "Well sir, I will be making about \$22.00 a week after taxes. I will pay whatever you think is fair."

He put down the pen and smiled "That won't be necessary, just be more careful, and you can slow it down a bit!".

I worked for him for three years after that and was promoted to become a cashier. His name was John; he was a great first boss.

Your best friend.

William

Dear John,

It was great to know about your vacation in Britain. That was awesome. I wish I could have the chance to visit it. However, I will tell you about my stay in India.

As you know, I am staying here for one year because of my dad's business. That is why, I know a lot about the Indian culture and traditions. Indian people speak more than 500 languages. But I have learnt only one language which is Urdu.

India has one of the world's largest collections of songs, music, dance, theater, and folk traditions. It, also, has *Bollywood* which refers to Indian Film Industry. There are many famous film actors like Shah Rukh khan and Salman khan. I like watching Indian movies but my favorite is *Taare Zameen Par* which means Star upon the Ground.

Also, I must tell you about Indian festivals. I attended two of them, Diwali and Holi. However, I liked Holi which is the festival of colour, love and spring. Indians celebrate Diwali in the month of March. They play with colours and water. They serve delicious Indian sweet like rasmalai.

Let me tell you about the most important part about the Indian culture which is food. India is famous for its spicy dishes. My mom learned how to cook many Indian dishes like *beryani* and *gana masala* from her Indian friend.

That is all about India for now. I may find more information after we visit Goa, an Indian costal city, next week. I'm sure the trip will be enjoyable.

Yours,

Tom

Dear Ali,

I received your email last week. You asked me for some information about Sultan Qaboos Grand Mosque for your project about famous mosques around the world. I searched in different resources and found these pieces of information.

Sultan Qaboos Grand Mosque is Oman's largest and grandest mosque, located in the heart of Muscat with magnificent gardens around it. It was designed by the Iranian architect Mohammed Makeyya. The building works lasted for six years. It was opened by Sultan Qaboos in 2001.

The mosque is mainly made of stone, with doors and windows made of wood and glass. Around 300,000 tons of sandstone were brought for building from India. There are also five minarets which have been built around the mosque and a very big dome with fascinating Islamic designs.

This mosque is built on a site occupying 416 thousand metres. Moreover, the mosque is the largest in Oman. It has a capacity of 20,000 prayers: 6,500 in the main prayer hall, 1,500 in the women's prayer hall and further 12,000 in the outer ground.

In addition, the carpet of the mosque is the second largest one in the world. It took four years to be completed because it was hand made in Iran.

That's all for now Ali. I have attached some photos for the mosque in the email. I hope that will help you with your project.

Regards,

Salim

Dear Salim,

I am writing to let you know that I finally got a Software Engineer position in Google. I am so happy to share this news with you. As I told you earlier, my previous job was so bored to me. I kept working on fixing uncountable bugs of an existing system. So, I started seeking new job opportunities 2 months ago.

Since I walked in Google's office during my first interview, I immediately knew that this was my ideal workplace. My major responsibility is tuning search results on several Google's products. The most exciting thing is that my supervisor is a pioneer in this area around the world. I believe that I can get enormous cutting-edge knowledge from him.

There was a second interview and it was so comfortable to me. It was to sign the contract and to get an idea about the job. I was ready to start immediately.

Furthermore, I have bought a new house near my office. I sincerely invite you to come to visit next month if you are free at that point of time.

Best wishes,

Mohammed

Hello, how are you and how is your family? I hope everything is good. I am great. We haven't been in touch for a long time. I finished school last month. I am writing to you from my hotel in Bangkok. I am having a great time in Thailand.

Last week I visited Chiang Mai. The scenery in the mountains was so beautiful! I drove a motorbike around the mountains and took a lot of photographs! I can't wait to show you! I also visited some temples and waterfalls. I also went to a big night market, and I bought some souvenirs! I bought a t-shirt and some Thai tea to take home! We can drink some together, it is my favourite drink in Thailand! I also bought a gift for you, and I am excited to give it to you when I come back to America!

Tomorrow I will go on a food tour around Bangkok. We will visit six different restaurants and eat a lot of Thai food! Our tour guide is local woman from Bangkok, and she knows a lot about Thai food and culture!

Next week I will go to Krabi! I am excited to try snorkelling for the first time! I am scared but mostly excited! There are so many activities to do in Krabi! Maybe I will go rock climbing or hiking in the jungle! I also want to enjoy the beach and science ocean!

Send me a message when you get my email!

Dear Ali

How are you? I hope you are well. I'm really happy that we will see each other next weekend. This week I have been busy studying for my examinations. Tomorrow, we are going to have the last exam.

I am writing in reply to your e-mail asking for advice. I have understood from your e-mail that you have a problem of bad money management. Actually, I used to have the same problem. You know, I usually receive a good amount of pocket money from my parents each week in order to cover my needs. However, I kept spending that money buying clothes and food. So, I had to ask my parents for extra money. This made them get angry and they asked me to control my money spending.

After this problem with my parents, I realized that I had to control my money spending. I found out that my problem was a result of having such friends who spent a lot of money on shopping. So, I started to take a small amount of money while hanging out with them. Also, my father suggested a brilliant way of spending the money. It was the "3 S Strategy " that is based on the idea of dividing money into three envelopes: Save envelop, Share envelop and Spend envelop. After applying this strategy, I stopped asking my parents for any extra money.

I hope this will help you solve your problem, too.

Ahmed

Dear John,

I felt happy to receive your email last week. It was great to hear about your last summer holiday. I'm writing to tell you about our visit to the Sultan Qaboos Grand Mosque in Muscat. I went there last weekend with my family.

The Sultan Qaboos Grand Mosque has a very huge building. It has five tall minarets and can hold up to 20,000 people inside. The mosque is made of stone, with doors, windows and embellishments made of wood and glass.

When we arrived there, the guide was waiting for us. He started to show us the different parts of the mosque. I really enjoyed visiting the big library at the Sultan Qaboos Grand Mosque. It has tons of cool books - over 23,000! From science and art to stories for kids, there's something for everyone. It's like a treasure chest of knowledge, inspired by the late Sultan who wanted Oman to keep learning and growing.

By the way, the guide told us that non-Muslims are allowed to visit the mosque every day except Friday, from 8.30am until 11am. Visitors are asked to dress modestly and in a way that befits a place of worship. Children under the age of ten are not allowed inside the prayer halls, and the use of mobile phones should be avoided as a sign of respect.

That's all for now. I have an English exam tomorrow. I will take some time to study for the exam.

Best wishes.

Dear Sami,

How are you, my friend? I hope everyone is well. I am really sorry but I couldn't write to you soon. I was very busy since I arrived in Japan two months ago. I am writing to tell you about everything that happened with me.

When I first came to Japan, I had a cultural shock. The first thing that surprised me was that Japanese people are very calm. When I arrived at Tokyo airport, an American man was shouting at the airport checkpoint. However, the workers were smiling and talking politely to him and everything was solved. After that, we had to use the bullet train to Hokkaido Island. There were hundreds of people in the train station but everyone was quiet.

I arrived at Hokkaido and a Japanese man was holding a paper with my name. I walked to him and he told me he was sent by the family who I was going to live with. His name was Rochiro. While he was driving, I noticed there were many vending machines for newspapers, school items, food and drinks. We got to a small house, there were an old man and woman waiting. When I got out, they bowed for me. I bowed a little. I read before that bowing is usually a sign of respect in Japan.

I work at Hokkaido University as an Arabic Language teacher. I usually work for 10 hours every day.

That's it for now. I will write more next week because we have Cherry Blossom holiday.

Best wishes,

Rami
