Read the passage and answer the questions.

I have to wake up early for school. Because school starts at 7:30, I set alarm for 6:30, and then I get out of bed, take a shower, eat breakfast and run outside to catch the bus.

Because I live near my school, I can get to my school in ten minutes. I usually go to my locker first. I put my bag and take the books that I need for my classes.

My first class of the day is history. After history, I have math and science. My break is at 9:30, and I talk to my friends as I eat a sandwich and some chips.

When break is over, I have art and English. My last class of the day is at 12:30. I love the sound of the final bell, because it is the end of the school day especially when I don't have homework.
