Read the following text then answer:

(1) Protecting the environment starts with small choices we make every day. At home, you can turn off the tap while brushing your teeth because this will save water. Also, you should switch off lights when leaving a room. It is also vital to turn off computers when they are not in use. Electronic waste, like old phones and TVs, should be **recycled** properly to prevent harmful pollution.

(2) At school, students can make a difference by using both sides of every piece of paper to save trees. Placing colorful recycling bins in the playground helps collect glass, metal, and plastic. So there are three ways students should follow to save our earth: walking, riding a bike, or taking the bus. By following these simple steps, we can all work together to create a cleaner, greener future for everyone.

1- What is the text mainly about?

- A. how to fix old computers
- B. ways to be eco-friendly in daily life
