## Reading

One of the most endangered animals that live in the north of the earth is the polar bears which live in the Arctic Circle. Polar bears stay warm in very cold temperatures because they are covered in two layers of fur. Polar bears are excellent swimmers and have short claws to help them walk across ice and snow. Grizzly bears can be found in Asia, Europe, and North America. Grizzly bears like to eat plants, mammals, and fish. They can run over thirty miles per hour. Even though grizzly bears are very big and strong, their cubs only weigh one pound when they are born. The Giant Panda lives in China and has black and white fur. This bear eats up to thirty pounds of bamboo every day. The Giant Panda is an endangered animal because many of the forests where it lives have been destroyed. Many people work hard to protect Giant Pandas.

1. What does the underlined word 'Giant' in the last paragraph mean?

## Reading

Read the text and answer the questions that follow.

My name is Hamad. I am 13 years old. I am in grade 8. Last week, my school went to Aspire Park on a school trip. We went by the school bus. It was sunny and warm. The driver drove the bus carefully to Aspire Park. He wore his seatbelt and follow the traffic lights. At the Aspire Park, we had fun. First, we played in the park. We played football. Then, some of my friends played with their kites. We ran and enjoyed doing spots. Next, we visited the Torch Tower. It is very high and has a lot of lights. It is very beautiful. After that, we went to the restaurant because we were very hungry. We had lunch there. We had healthy food with orange and apple juice. Some boys had KFC. Finally, the bus driver said "All back ". We got on the bus back to the school. The trip took 4 hours. We sang songs in the bus. We were very happy because it was an exciting day. It is a remarkable day.
