✚ **Read the passage and answer the questions . . .**

1) Wood is a natural material that comes from trees. It is strong, light, and easy to work with. We use wood in many ways every day. From furniture to toys, wood is everywhere around us.

2) One common use of wood is in furniture. Tables, chairs, and cabinets are often made of wood. Wooden furniture looks nice and lasts for a long time. It can be painted or stained to match our home's style. This makes our living spaces "comfortable" and beautiful.

3) Wood is also used to make paper. We write on paper because we need it for schoolwork and letters. Without wood, we would not have books or notebooks. This means learning would be much harder for us.

4) In addition to furniture and paper, we use wooden objects like kitchen utensils, such as spoons and cutting boards. These items are safe for cooking because they do not react with food like some metals do.

5) If there were no wood in our lives, everything would change. We would have fewer places to sit and eat, less paper for writing, and fewer toys to play with. Life without wood would be dull and difficult.

- 1) What is the text MAINLY about?
 - A) natural materials
 - B) life with no wood
 - C) wooden furniture items
 - D) wood & its use in our daily life

- 2) In paragraph 2, what does the underlined adjective “comfortable” mean?
 - A) exciting
 - B) relaxing
 - C) surprising
 - D) interesting

- 3) In paragraph 1, where does wood come from?
 - A) glass
 - B) trees
 - C) metal
 - D) plastic

- 4) In paragraph 2, how does wooden furniture benefit our homes?
 - A) It easily breaks.
 - B) It lasts for a long time.
 - C) It costs a lot of money.
 - D) It is lighter than plastic.

- 5) In paragraph 3, what is paper made from?

- 6) In paragraph 3, why do we write on paper?

- 7) In paragraph 4, which kitchen utensils are made of wood?

- 8) In paragraph 4, why are wooden kitchen utensils safe for cooking?

- 9) In paragraph 5, how would life without wood be?

- 1) Education in Finland is known for being one of the best in the world. Finnish schools focus on learning rather than testing. Students start school at seven, which is later than in many countries. The school day is shorter. It is usually around six hours. Students have plenty of breaks to relax and play.
- 2) Teachers in Finland are highly educated, well-trained and well-paid. Unconditioned respect is a must-to-do responsibility for students, parents, and admin staff towards teachers. No one can ever misbehave with them. Teachers must have a master's degree to teach. They create a friendly atmosphere where students feel safe to ask questions and express their ideas. They work closely with students to help them learn at their own pace.
- 3) The curriculum in Finland includes various subjects like math, science, languages, and arts. Students also learn about nature and how to take care of the environment. There are no standardized tests until the end of high school, which helps reduce stress for students.
- 4) Schools provide facilities like libraries, sports areas, and art rooms. Students can also participate in sports activities after school. This helps them develop new skills and interests.
- 5) Overall, education in Finland emphasizes creativity, critical thinking, and collaboration among students. This approach helps prepare them for future challenges.

- 1) What is the text **MAINLY** about?
 - A) education in Finland
 - B) learning system in Qatar
 - C) style of exams in Europe
 - D) schooling days in Finland

- 2) In paragraph 1, when do students start school?
