Unit 7

write an email to a friend

Hi Linda,
How's it going?
Sorry I haven't been in touch for such a long time but I've had exams so I've been studying every free minute. Anyway, I'd love to hear all your news and I'm hoping we can get together soon to catch up. We just moved to a bigger flat so maybe you can come and visit one weekend?
How's the new job?
Looking forward to hearing from you!
Sarah

Write about how to communicate with friends

In today's digital age, the options for communicating with friends seem endless. From email and texting to social media and video calls, the choices can be overwhelming. In person, by phone, by email, by text, by Skype, and by letter or greeting card sometimes. I use whatever communication method best suits the message. In general, though, if I have to relay some simple information or ask a question, I'll send a text or email. If I want to talk, I call them.

Unit 8

Write a description of a day in your life as a famous quiz show winner

A Day in My Life As a Quiz Show Winner

If I won a money from a quiz show , the first thing I will do is give some to my family to help them improve their lives . Then I will begin to live my life in a smart way . Meaning that , I will spend some for my pleasures and keep some for the bad days . If there is still some money , I might also invest it . But above all , we should always be smart when it comes to spending money and save some for the future .

Write a story about your Wish

My greatest wish is to travel the world and experience diverse cultures. From the bustling streets of Tokyo to the serene landscapes of the Swiss Alps, every

place offers a chance for adventure and learning. Moreover, I wish to volunteer during my travels, contributing to local communities and making a positive impact. This would not only enrich my experiences but also allow me to give back to the world. I believe that through exploration, I can discover not only the world but also myself, shaping my identity and aspirations for the future. This journey of a lifetime is what I truly desire.

Unit 9

Write a complaint about a faulty product

Dear Mr. Ali
Yesterday I bought a headphone from your store and when I got home , I opened the pack to try it . Unfortunately , the sound was too low , and one the left side of the phones didn't work . When I returned to the store to return it , the salesperson refused to refund my money nor to give me anew one , saying the pack is opened . Do please find me a solution or I'm going to report to the customer protection association .

Unit 10

Write a short description of a vessel or voyage expedition

Christopher Columbus was a navigator who explored the Americas under the flag of Spain. Some people think of him as the "discoverer" of America, but this is not strictly true. His voyages across the Atlantic paved the way for European colonization and exploitation of the Americas

Write a paragraph to describe a strange event you experienced

Last week , I was walking home when suddenly I heard a strange cat's voice . The sound was like crying for help . When I followed the sound , I saw a little cat stuck in a metal can . I reached very carefully and managed to free the cat . The cat then followed me home , and it's been living in my yard since then .

Unit 11

Write an advice to a friend

Hi Ali , you sent me a letter saying that you lent your friend 200 riyals a month ago and he hasn't returned it yet . I suggest that you talk to your friend privately and tell him that you need your money for personal use and try to make a serous eye contact with him . Hopefully, if he says how serious you are he might return the money to you .

Write a paragraph about what you regret and why.

Last year I used to be careless about my school and studying. My dad noticed how careless I was, so he advised me to start taking care of my school and begin to plan for my future . He said that the path I decide to follow shall draw my future and how my life would be .
