The Bermuda Triangle

The Bermuda Triangle is an area of water in the North Atlantic Ocean that stretches from the island of Bermuda to Florida to Puerto Rico. Since the 1940s, a large number of planes and boats have mysteriously disappeared in this area. In many cases, these planes and boats were traveling in good weather conditions without any known problems, when they suddenly disappeared and were never seen or heard from again.

Over the years many people have tried to explain the strange disappearances. Some say that there must have been sudden storms or bad weather. Others say that gases in the water might have caused boats to sink. Some people even say that aliens are responsible. Scientists have been unable to agree on why so many boats and planes have disappeared in this area. But one thing is for sure—until an explanation is found, people will continue to wonder what mysterious things are happening in the Bermuda Triangle.

2. Cars, boats, and planes have disappeared in the Bermuda Triangle. ()
