**A.** Read about Khalid's dream job. Answer the questions.

**What is Khalid's dream job?**

**Why does he want to be a teacher?**

**What does he want to teach?**

People always ask me, "What do you want to be when you grow up?" I tell them that I want to be a teacher. Then they ask me, "Why?" Well, my parents are teachers and they are very happy with their jobs. My father teaches math at a college, and my mother teaches at a primary school. But I want to be a science teacher at a high school. I'm really interested in chemistry and physics, and I like to do experiments. I like to help my younger brothers with their homework, so I think I can be a good teacher. When I explain things to them, they usually understand. A teacher's job is important because education is important. It's a difficult job sometimes, but it's rewarding when students learn from you.

2. Why does Khalid want to be a teacher?
3. What does Khalid want to teach? Why?

## My Dream Job!

My dream job is doctor. I want to be a doctor because I can help people. This job is very important. The doctor works in a hospital. A doctor's duty is very tough. He must work hard. To be a doctor is very rewarding. One thing I don't like about this job is that it is stressful sometimes. The doctor is a person who can help sick people or sometimes even save their lives. A doctor helps us to live healthy. We need many good doctors. We are grateful to them for their noble service. This is the reason why I want to be a doctor.

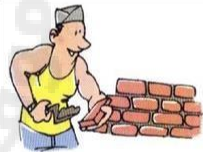

### My dream job

I like to be a doctor because the doctor is a person who looks after the sick people and prescribes medicines so that the patient recovers fast. In order to become a doctor, a person has to study medicine. Doctors lead a hard life. Their life is very busy. They get up early in the morning and go to the hospital. They work without taking a break. They always remain polite so that patients feel comfortable with them. Since doctors work so hard we must realize their value.

My dream job is an office and administrative manager. I think it is a relaxed job. Because I don't like to be a doctor or engineer. I can stay at the office, turn on the computer, drink a cup of coffee and check the stuff works. Also I can have very good salary. I don't want to be the leader of the company, because that will be dangerous. I am almost the leader. Then I can make so many suggestions to the leader. If the company die, I will go to another one because of my good experiment. Also the real leader will be hurt, I won't. So this is the reason why I want to be an office and administrative manager.

My dream job is doctor. I want to be a doctor because I can help people. Doctor is one who prevent people from different diseases.. A doctor treats ill persons. His duty is to cure his patients and to save lives. This job is very important. The doctor works in a hospital. Some doctors have their own clinics. Some doctors work in private Hospitals. A doctor examines a patient. Then he prescribes medicines for cure. A doctor's duty is very tough. He has to work hard. He has to attend his patients when they need him. A doctor helps us to live healthy. We need many good doctors. We are grateful to them for their noble service. This is the reason why I want to be a doctor.

My father and uncle have great jobs. My father is a photographer. He works in an advertising firm. He takes photos for different customers. He works Sunday to Thursday. My uncle is a doctor. He works in the hospital. He helps sick people. And he works all the time.

			
I help people learn new things.	I file documents, answer the phone and send emails.	I make things on a production line.	I help customers and take their money.
<b>Teacher</b>		<b>Factory worker</b>	
<b>School</b>			
			
I wire houses and install electrical products.	I grow crops and keep animals. I work very hard.	I take your order, then I bring you your food.	I service cars, change the oil and check parts.
			
I help the traffic move and arrest bad people.	I look after sick people and help the busy doctors.	I design homes, factories and shops.	I use bricks and cement to build walls and houses.
