# 9 Writing

Read the text quietly on your own.

Underline the phrases in the text that refer to **the advantages** of shopping online.

A. Read the text. What are the advantages of shopping online?

## I don't like

Personally, I can't stand shopping in department stores or malls. They're too crowded, and it takes too long to find what you want. You buy something and then a week later, you see it on sale.

I prefer to do my shopping online. It's convenient, quick, and easy. When you know what you want, it takes just a few minutes to compare prices. A lot of e-stores guarantee the lowest price, and they also make exchanges or refund your money when you are not satisfied with a product. Many people think e-shopping isn't safe, but that's not true. You need to choose well-known and secure websites. And you don't have to use a credit card because there are other ways to pay without giving personal information.

I usually buy electronic stuff, accessories for my bike, and sports clothes. I am never disappointed with the things I buy. Only once, I exchanged a bicycle helmet because it was too small. But that wasn't a problem. I think that I save money this way, because I only buy what I want. I don't spend money on things that I don't need.

The impersonal **you can** be used to refer to anyone or everyone—to a person or people in general.

It is often used in less formal writing and speech, whereas the pronoun *one* is used in more formal situations.

## Writing Corner

1. In informal writing, the subject *you* can refer to any person or people in general. **You** can save time when **you** shop online, but **you** can't see the product in person. When **you** shop in a store, **you** can try clothes on before **you** buy them.

### Examples:

*you can buy almost anything on the Internet;  
sell anything you can imagine;  
if you're looking for real bargains,  
you'll head for some of the traditional souqs..., etc.*

B. Complete the chart with notes about the advantages and disadvantages of shopping in a store and shopping online. What do you prefer? Why?

|                     | Advantages  | Disadvantages  |
|---------------------|---|--|
| Shopping in a store | <ul style="list-style-type: none"> <li>•Dealing with shop assistant</li> <li>see and try the product</li> </ul> | cost are higher                                      |
| Shopping online     | It's convenient, quick, and easy;   | Lack of communication<br>You can not try the product |
| My preference / Why | <u>Shopping in a store</u> because I can meet my friends there.   |  |

Where do you go shopping?

What is your favorite store?

What kind of store is it?

What do they sell?

What do you buy there?

*My Favorite Store*

### **My Favorite Store**

**I go shopping in the mall. There are lots of stores there, and my favorite store is J.B. White's. It is a big department store. They sell lots of things. They sell clothes and jewelry and furniture and electronics. And nothing is too expensive there. When I go shopping there, I look for bargains. I buy a lot of my clothes there. They have an advertisement. It says, "Our store is your store." So I love my store!**

# ideas

C. Compare shopping in a store and shopping online. Write about the advantages and disadvantages of each. Say what you prefer. Use your notes from the chart and ideas from this unit.

Shopping is part of our life and just like we need to breath to stay alive we also need to shop as well.

Shopping at stores takes more time than shopping online. I need a lot of energy walking around to look for what I want or compare the prices.

The most important is on-line stores are open 24 hours a day.

I can do the shopping anytime I like!

would rather choose to shop at stores where I enjoy “real” shopping very much.

you can try on clothes before you buy them, so you know they fit you perfectly.

you get your items right away instead of waiting for it to be delivered.

| More Control       | Spending Too Much Time <b>Online</b> |

Online shopping, You'd have to wait a few days to get your item.
