SG2 U13 - 4/Listening -- page
Leader name: _____

listening
skill

Weatherbee

a man on television or radio who tells you what the weather will be like

Weatherman

Pre-listening

1. Describe your favorite type of weather?
2. Why do you enjoy this type of weather?
3. What does it mean to say, 'I feel under the weather'?

While-Listening

Answer the questions:

1. What caused a lot of damage?
2. What will the weather be at night on Friday?
3. Where will it snow on Sunday?

Post-listening

1. What's your favorite kind of weather? Why?

	I understand today's work.
	I understand some of the work today but need some help with other parts.
	I don't really understand the work today and need some help.

Could the weather report be about our city?
Why or why not?

Does the weather forecaster say the name of the place the weather report is for? (no, he doesn't)

Listen to the weather report. Answer **yes** or **no**.

1. no The weather was fine on Thursday afternoon.
2. no Temperatures will be in the sixties on Friday afternoon.
3. no Saturday will be beautiful and sunny all day.
4. yes It usually rains in the spring.
5. no It will probably snow on Saturday.
6. no You won't need boots and jackets in the mountains.

A barometer measures changes in atmospheric pressure and helps to predict whether it will be wet or dry.

4 Listening

Audioscript

العامية

SG2 U13
Page 117

This is Ned Weatherbee, your weather forecaster. This afternoon, heavy rain fell in our town. The big storm caused a lot of damage, and traffic came to a complete stop. The storm is now over and clean-up can begin.

Now, let's look at the weather report for the next few days.

Friday will be warm and sunny during the day and cool at night.

Temperatures will be in the low twenties during the day and will

fall to 10 degrees Celsius at night. You won't need a heavy coat,

but take a jacket with you.

The weather on Saturday will be nice in the morning and cloudy in the afternoon. It'll probably rain at night. These showers are quite normal during the spring. So you'll have clear weather on Saturday morning. Sunday will be cold and windy, and maybe it will snow in the mountains. If you're planning to go there, don't forget your boots and jackets.

And now for sports, here is Matthew Delaney.

5 Pronunciation

CD2, T5

SG2 U13

The end

Audioscript

العامية

This is Ned Weatherbee, your weather forecaster. This afternoon, heavy rain fell in our town. The big storm caused a lot of damage, and traffic came to a complete stop. The storm is now over and clean-up can begin.

Now, let's look at the weather report for the next few days.

Friday will be warm and sunny during the day and cool at night. Temperatures will be in the low twenties during the day and will fall to 10 degrees Celsius at night. You won't need a heavy coat, but take a jacket with you.

The weather on Saturday will be nice in the morning and cloudy in the afternoon. It'll probably rain at night. These showers are quite normal during the spring. So you'll have clear weather on Saturday morning. Sunday will be cold and windy, and maybe it will snow in the mountains. If you're planning to go there, don't forget your boots and jackets.

And now for sports, here is Matthew Delaney.

Teaching Tip

When preparing for the lesson, think about how you're going to use the board. For example, what can you put on the board before class starts so that you won't have to use valuable class time to write on the board? Since students are often not doing anything when teachers write on the board, the pace of the class can be impacted.

Additional Activity

Have students work in groups to do a weather report for their city or town. Have some volunteers listen to weather reports on the radio or TV. Have others bring in a weather map from the newspaper, and others bring in weather reports from the Internet. Then have students work together to produce a weather report for the next day. For variety, you may have students choose another city to report on.

fun
facts

- The place that holds the record for the most snow in one year is Mount Baker, Washington, U.S.A. In the winter of 1998–1999, 95 feet (29 meters) of snow fell.
- Although many people think of the Arctic as a very snowy place, very little snow actually falls there. It is just so cold that when it does snow, the snow takes a long time to melt.

Language Builder

There are several ways to talk about the future in English. Two of the most common are *will* and *be going to*.

We use *will* to predict (*He will be very successful in his career.*) and speculate (*The school trip will probably be a lot of fun.*), as well as to make promises (*I will be there at 8. I promise.*), and to make spontaneous decisions (*The phone's ringing. I'll get it.*).

We use *be going to* to talk about actions, intentions, plans, etc., that have already been decided. (*I'm going to visit my grandparents on the weekend.*) We also use *be going to* when we have evidence in the present about a future event. (You see clouds in the sky. *It's going to rain.*) Like *will*, we can also use *be going to* to make predictions.

A. Ask and answer about the weather.

العامية

A: What will the weather be like in Muscat tomorrow?

B: It'll be warm and cloudy. The temperature will be 25 degrees Celsius.

What will the weather be like in _____ tomorrow?

The answers will vary depending on the place.
