What does a journalist do? writes for a newspaper

What do you think are the good and bad things about the job?

Underline the good things and circle the bad things about the job.

B. Read the text. What does this person want to be? Underline the words or phrases that describe the good things about the job. Circle the words or phrases that describe the bad things.

I enjoy asking questions and I love writing stories. I want to be a newspaper journalist. Writing for a newspaper is a good job because it is fun and very exciting. Journalists often need to travel to new places to discover stories. They see a lot of the world and they meet new people every day. The bad side is that this job can be very stressful and difficult because journalists have a lot of deadlines. A person needs to be very smart to be a journalist, but I think it is a very interesting and satisfying job.

Answers

Good things: fun, very exciting, travel to new places, see a lot of the world, meet new people, interesting, satisfying

Bad things: very stressful, difficult, a lot of deadlines

My dream job is an office and administrative manager. I think it is a relaxed job. Because I don't like to be a doctor or engineer. I can stay at the office, turn on the computer, drink a cup of coffee and check the stuff works. Also I can have very good salary. I don't want to be the leader of the company, because that will be dangerous. I am almost the leader. Then I can make so many suggestions to the leader. If the company die, I will go to another one because of my good experiment. Also the real leader will be hurt, I won't. So this is the reason why I want to be an office and administrative manager.

My dream job is doctor. I want to be a doctor because I can help people. Doctor is one who prevent people from different diseases. A doctor treats ill persons. His duty is to cure his patients and to save lives. This job is very important. The doctor works in a hospital. Some doctors have their own clinics. Some doctors work in private Hospitals. A doctor examines a patient. Then he prescribes medicines for cure. A doctor's duty is very tough. He has to work hard. He has to attend his patients when they need him. A doctor helps us to live healthy. We need many good doctors. We are grateful to them for their noble service. This is the reason why I want to be a doctor.

Different Jobs

Hello!
My name is Jennifer and I am a Veterinarian. I like my job very much. I love animals but sometimes it's very difficult. I have to get up early in the morning to prepare everything in my Clinic. First I have to keep all my medical equipment ready. Then I get everything ready to open. My assistant Kathy helps me too. At nine o'clock I open my Clinic and I have to help many animals. It´s a lot of fun to work in an animal Clinic, but sometimes it can be a bit stressful.
