## Why It's Important Helping Others?

### Why I Do Favors and Don't Expect Anything in Return

Using part of your time, resources or knowledge for someone else's sake actually makes you happier. When you do a favor to someone, you feel good that you're able to help the person. The more people you've helped, the more people there are out there to help you in the future when you need it most.

Helping others is not only good for them and a good thing to do, it also makes us happier and healthier too. The more you give, the more you get back
