Language Builder

You aren't from around here, are you? means that the speaker has never seen someone in the area, so assumes the person is from somewhere else. It can also be a conversation opener.

Teaching Tip

A good lesson has a beginning, a middle, and an end. The beginning might be just a short introduction reminding students of what they are going to study that day, but it is important to give students a sense of structure. In the same way, you should take a few minutes at the end of each class to summarize what students did and perhaps tell about what they are going to do in the next class.

Additional Activity

Have students imagine they are at a class picnic in the park. Each person sees a friend who is acting like he or she doesn't know the student. Have students work in pairs and write a conversation between themselves and the friend. Ask volunteers to present their conversations to the class.

- Dublin is the capital of Ireland. Currently it has one of the fastest growing populations of all European cities.
- Dublin is a favorite city for young people. It is estimated that 50 percent of its population is under the age of 25. It was also named Europe's Friendliest City in 2009.
