# 5 Making Choices

## 1 Listen and Discuss

Read the quotations, and give your comments.

If I don't wear cool clothes, I won't fit in. But who cares?

If Victor doesn't wear fashionable clothes, he won't fit in with the crowd. But he doesn't mind. He likes to have his own personal style.

Tennis involves a lot of traveling, and so I'll be away from my family a lot. But there are many benefits, such as visiting a lot of countries, meeting interesting people, and learning about different cultures.

If Fahd becomes a professional tennis player, he won't see his family very often. But he'll visit new places and meet new people.

If I buy the gold bracelet, I'll spend a lot of money.

Sabah wants to get her daughter a graduation gift, but she thinks the gold bracelet is too expensive. She'd rather save the money for her daughter's college studies.

If I cheat on this test, I'll pass.

If Jimmy cheats, he'll probably pass. But he won't learn anything about the subject. And he might get caught.

الجميلة

I agree with Victor; I never cheat; I don't know much about tennis.

Underline the sentences with if.  
☺ What verb form is used after if?  
will or won't + the verb.

I'm sure you will do well on the next test.  
I'm sure you won't have any problems.

unlike in the sentences above, will/won't after if does not mean that the events described will definitely happen

1. I live in a rural part of the country. There are a lot of trees and rivers and even some small mountains where I live. I love the natural beauty here. There is this one very scenic place that is near my house. It has a river and a lot of green space. The local people like to go fishing and swimming in the river there. And many families even go on picnics there during the summer. It's really peaceful and a lot of fun. There's a lot of discussion about this place right now. Some people want to build a factory on the river. I don't understand how anyone would want to do that. I'm very worried about what is going to happen to the environment—the river, the animals, the trees. I have learned that the factory will probably create a lot of pollution in the area. People probably won't be able to swim or fish in the river anymore. And a lot of the trees will be cut down. I guess I'm a conservationist because I don't want to see the area destroyed. Some people want the factory because they say that it will generate jobs and more money for the area. They say that the factory is going to be a big benefit to everyone in our town. I don't agree.

Would you choose for the factory or against it? I'd choose against the factory because the pollution will destroy the environment.

2. Daniel is a very social person. He likes having friends and enjoys hanging out with them. He is intelligent, but sometimes he has too many things to do at one time. For example, next week he has extra football practice, he has to volunteer at the youth center, and he wants to hang out with his friends and go skiing. That is already a lot to do, but he also has a very important test in history. He needs to get a good grade on it. Daniel likes to fit in with his friends, so hanging out with them, wearing the right clothes, and playing sports are important. But getting into a good college is important, too, so he needs to focus on studying more and getting better grades. He just can't do everything, but he thinks he can. He got a crazy idea—to cheat on his history test. If he does that, he thinks that he'll be able to pass it without studying for it.

If Daniel tells his friends about his idea, what will they say? Study for your history test. Don't cheat on it. Be honest.

## Language Builder

Explain that in conditional sentences with *if*-clauses, there is a comma after the *if*-clause if it comes first in the sentence. There is no comma after the *may/might/will-clause* if it comes first in the sentence.

## Teaching Tip

Be sure to listen to students until they have finished speaking, even if what they are saying is incorrect. Interrupting them while they are speaking may make them hesitant about participating in class in the future. If you need to correct a student, wait until he or she is finished speaking before you do so.

## Additional Activity

Have students copy from pages 48–49 the first half of each quote beginning with *If*. Then have students work in pairs to complete the sentences differently. For example: ***If I cheat on this test, I might get caught.*** Have two pairs form a new group and tell each other their sentences.

## Culture Note

The Farasan Islands (picture G, page 49) are located in the Red Sea, off the coast of Jazan Province, in southwestern Saudi Arabia. The islands are a protected nature reserve and home to the endangered Arabian gazelle and many species of migratory birds. The Farasan Islands are also known for their beautiful beaches and several archaeological sites of Islamic heritage.

The Asir Province (picture E, page 49) in Saudi Arabia is known for its picturesque countryside, fertile farmland, and scenic mountains. It is a popular tourist destination, but many local people and tourists say that the roads need to be improved.
