U1*Write a paragraph about **A Common Habit Among Young People**. Give your opinion about your it. Use the guide words:

Guide words: chatting - spend - waste

Using cell phones have become among youth's most common bad habits. They spend 4 to 5 hours a day on their phones which waste their time. Cell phones are helpful, and they could be used in school projects, research read and communicate. On the other hand, they become harmful if not used wisely. I think Spending too much time on playing and chatting waste youth' time.

U2*Write a paragraph about **Your Life Story** Give your opinion about it.

Write a paragraph about **A Famous person**:

Mohammed bin Salman was born in Riyadh on August 31, 1985 . He attended King Saud University in Riyadh. He graduated with a bachelor's degree in law in 2007. In April 2016, he introduced Vision 2030, His Vision 2030 plan designed to attract foreign investment for industries. Women were granted the right to drive in June 2018. For many individuals, this was seen as a major achievement.

U3 Write an email about **Studying in Another Country**. Give your opinion about it.

Hi Sara

Sorry I haven't written till now. Since I got here in Australia. My major is the English language. I've been really busy with the course and making new friends. I'm speaking English all the time and going out in the evening with my classmates. We're real mix of nationalities: Chinese, Russian, Italian, Spanish and Brazilian. We all talk in English but I'm learning loads about other languages and countries too.

My host family are really nice. The parents, Susan and Paul are very friendly and kind. The children are called Lewis and Amy. They're both in primary school and are very sweet but they can be a bit annoying too.

We live near the school, so I walk there everyday. It's only a short bus ride from Melbourne city center and there are many shops and cafes there. We will visit an ancient castle on a school trip next week. The weather is cold, so I bought coats and gloves. Local food is very delicious. I have a problem with home sickness, but I can adapt quickly to the life there by making new friends.

I'll send some photos of Melbourne next time. Take care and let me know how you are doing.

First, crack the eggs into a bowl, add the milk with salt and pepper and beat the mixture with a fork. Then, heat a medium sized pan over a medium heat and add the butter. Add the egg mixture to the pan and as it begins to cook. After that, fold over in half to create a semi-circle. You can add extra fillings like cheese or mushroom. Then flip the unfilled side over onto the filled half. Next, let the folded omelet cook for a minute, then slide it out of the pan and onto a plate. Finally, serve and eat immediately. Cooking is fun. I love that cooking give me a chance to be creative.

U5* Write a paragraph about **Your Most Important Belongings**. Give your opinion about it.

Guide words: important - possession - because - friends - purposes - reasons

a model

My most important possession is my cellphone, Samsung Galaxy J2 Prime, which is my strength and my stress reliever. My cellphone is important to me, because I use it to communicate with my friends and family. I use my phone to watch movies or anime because I don't watch television. I also can call my friends. I get nervous when my phone is misplaced, or my friends hide it. Without a phone, my life will not be completed.

U6* Write a paragraph about **Your City**. Give your opinion about it.

Guide words: wonderful - environment - neighbor - favorite - keep - respect- visit

My favorite city is Abha. It is a small city in the southwest of Saudi Arabia. It has beautiful nature with wonderful trees and parks It is so cold. I like its clean air and quietness. I do not like to feed wild animals like Baboons. People can protect the environment by plant trees and use less water to keep our nature safe and good. I think we should follow the rules and laws, respect the right of others and be a good neighbor.
