SG3 U9

I visited my brother in New York City two weeks ago. We were walking downtown on a rainy day when I took this photo. Even in the rain, some people prefer to take a (1) pedal cab because it's more environmentally-friendly and less expensive than a (2) taxi.

I was shopping at Manhattan mall when I saw a man (3) steal a shirt. I wasn't the only one who saw him do this. The security guard in the store saw him, too. Fortunately for the store, the man who tried to take the shirt without paying isn't a good (4) thief.

My brother loves life in New York City. But my brother has changed since he moved there. He talks faster. He walks faster. He's always (5) in a hurry. When I was visiting him, a (6) tourist stopped us and said he was lost. My brother looked at his watch and then looked at the man. Then he said, "I don't have time to (7) give directions to you. Sorry."

Can you tell which of these watches is real? My brother can't. He was really late for a meeting the other day. At first, he didn't understand why. He looked at his watch and he actually should have been 15 minutes early, not a half hour late. Then he realized what was wrong. His watch wasn't working. He was mad, but not because he was late for the meeting. He was mad because his broken watch that cost \$300 was really a (8) fake. I told him to buy his next watch in a store and not from a man on a street corner!

Complete the definitions. Use the words in the box from A.

1. Someone who is late for school is going to be in a hurry.
2. A watch that looks like a well-known brand but costs a lot less is probably a fake.
3. A person who steals things from others is a thief.
4. A person who is visiting a place on vacation is a tourist.

Teaching Tip

Try to take students beyond the book. The purpose of any class is to give students enough language so that they can talk about themselves and their lives, outside of class.

Additional Activity

In groups, have students pretend to be one of the people in the picture and tell the story of what was happening from his or her viewpoint. The other students try to guess who the speaker is.

fun facts

- Pedal cabs have many different names around the world: cycle rickshaw, bike taxi, velotaxi, pedicab, bikecab, cyclo, or trishaw. They are modeled after the Japanese rickshaw, which first appeared around 1868. Rickshaws were originally pulled by a human “driver” on foot. By 1872, there were about 40,000 rickshaws in Tokyo, and they were the most popular form of public transportation in Japan. The use of rickshaws declined in the 1930s with the introduction of the automobile.
- Today, pedal cabs are common in major cities around the world. They are particularly popular with tourists, but also have ecological benefits and may actually be faster than other transportation if there is a lot of traffic congestion.
