❖ **Read the following passage carefully then answer the questions below:**

Water is the most priceless gift of nature. It has no taste, no smell and no color. It is found everywhere and the other name of it is life, because it is the basis of fluid element of living creatures. Water is life and the lack of it means death. Any living thing cannot go on living without it. Plants need water to grow. Animals need water to drink. People need water to drink and to use in cleaning, cooking and for other uses. We can get water from rivers and lakes. But the main source of water is the rain.

If water is wasted, we lose a priceless resource. Water is a natural resource for the use of all life forms. We also need water for our gardens and public parks. Water is also needed for the forests to stay alive. If human pollute water and waste it, the environment is harmed and all life forms are threatened.

Finally, we should say that water is one of the most important substances on earth. All plants and animals must have water to survive. If there was no water, there would be no life on earth. Thanks to God, the Merciful, who has created water for us, we don't need to pay for it as it is neither sold nor bought.
