I am writing because I have a concern about our community and our environment. I have been living in this town for three years now. I love living here because most people are interested in preserving the earth. However, I have been noticing that when I go shopping, most people have been using the plastic bags that the store provides. I quit using those years ago because they are hurting our earth. I can't stand seeing people who say they care about the earth using them. I recommend buying three or four canvas bags at the store and using them every time you go shopping. I advise keeping them in your car or near your front door so that you can remember them when you are going to the store. With everyone making small changes, I think we can begin making a difference in our world.
